

THE UNIVERSITY OF  
**WESTERN  
AUSTRALIA**

**Fogarty  
Foundation**

# **Scholars of Excellence**

**The UWA Fogarty Scholar and  
Alumni 2019 Biographies**

# The UWA Fogarty Foundation Scholarship Program

The UWA Fogarty Scholarship Program aims to strengthen our community by investing in exceptional young people who use their skills and commitment to lead positive change in our community, state and nation.

Established in 2004, the UWA Fogarty Scholarship Program is one of Australia's premier scholarship programs. The scholarship is a joint initiative between the Fogarty Foundation and The University of Western Australia, to award WA's brightest and most committed students' scholarships for the entirety of their university degree.

The program connects scholars with local and international leaders, to provide Scholars and Alumni leadership opportunities, supported through comprehensive academic scholarships, academic mentoring, career and personal enrichment engagements and paramount to the program is a strong network of likeminded young leaders.

10 new scholarships are awarded each year to students who study across a range of disciplines. UWA Fogarty Undergraduate Scholars who choose to continue their postgraduate study at UWA are also supported in their further studies.

The scholarships include a tailored leadership program for the Scholar's entire university degree that focuses on developing transformative leadership skills in each of the Scholars. The leadership program is a key element of the scholarships, where Scholars learn from, and have access to, a network of leaders, gain some insight into how our community works and hopefully the awareness of how they can make a contribution now and in the future.

In 2019 we have 58 Scholars and 90 Alumni who are studying, working and making a contribution in WA and around the world.

**Fogarty  
Foundation**

# The UWA Fogarty Foundation Leadership Program

The Fogarty Foundation and The University of Western Australia view leadership as an integral factor in building strong communities.

UWA Fogarty Scholars participate in a tailored Leadership Program that provides Scholars and Alumni with an excellent opportunity to learn from today's leaders.

The Leadership Program expands Scholars' horizons by initiating opportunities for the Scholars to learn from, and have access to, a network of leaders, gain insight into how our community works and how they can positively make a contribution.

The UWA Fogarty Scholars study across a range of disciplines and as they graduate they become members of the UWA Fogarty Scholars Alumni. The alumni is a network of talented and motivated young people working in a variety of professions that will provide ongoing support and affinity between the Scholars as they evolve into their individual roles within the community.

## Benjamin Caulfield

*Current Course of Study: Bachelor of Philosophy, Music Specialist Studies and Music Studies; Assured Pathway to Juris Doctor*

---

Benjamin graduated from Perth Modern School in 2018 and was awarded a Certificate of Distinction and school awards for Politics and Law. He will be undertaking the Bachelor of Philosophy with majors in Music Specialist Studies and Music Studies, with a direct pathway to the Juris Doctor.

At school, Benjamin was a member of 3 choirs, concertmaster of the school symphony orchestra as well as violinist of a gypsy band invited to perform in China to celebrate the 20th anniversary of the Perth-Nanjing sister city relationship. Outside of school, he is a first violinist of the WA Youth Orchestra and participated in the Australian Youth Orchestra National Music Camp in 2018 and 2019. He also received his Associate Diploma in Violin and Piano in 2017 and 2018 respectively from the AMEB and was invited to audition for the WA Performing Arts Perspectives in 2018.

He was also an active participant in debating, mock trials, and a state finalist for both UNYouth Voice (2016) and the Lions Youth of the Year (2018). Of particular interest is promoting youth leadership and involvement in issues that directly affect youth through his roles as the inaugural co-chairperson of the WA Ministerial Youth Advisory Council, and Deputy Chair of the 'Young Fellows' Committee of the Royal Commonwealth Society's WA Branch.

He hopes to make the most of the Fogarty Foundation's pathways and programs to engage with social enterprise and global citizenship.

# Undergraduate 2019

## Chelsea J Francis

*Current Course of Study: Bachelor of Philosophy, Medical Science and Population Health; Assured Pathway to Doctor of Medicine*

---

Chelsea graduated from Methodist Ladies' College (MLC) in 2018 receiving a General Exhibition and the ADF Long Tan Award for Leadership.

Chelsea is a passionate musician and has participated in numerous orchestras and choirs. Chelsea recently performed a clarinet concerto with the Methodist Ladies' College Symphony Orchestra as part of their annual Concerto Night and had the opportunity to perform in Europe on the MLC Music Tour.

In 2017 Chelsea was awarded a scholarship to attend the LEAP Leadership Conference in Los Angeles. This opportunity fostered her love for leadership and she has since completed her Silver Duke of Edinburgh Award. Additionally, Chelsea started her own mentoring initiative at MLC connecting junior and senior violinists to inspire girls to continue to learn an instrument.

Chelsea has already embraced university life joining Ignite Mentoring and the Student Ambassador Leadership Program and looks forward to many more exciting opportunities in the future.

## Elsa Fuentes-Hare

*Current Course of Study: Bachelor of Science,  
majoring in Marine Science*

---

Elsa moved to Perth from Germany to complete her high school education and is now undertaking a Bachelor of Science, majoring in Marine Science. The impacts of climate change on coral reefs left a profound impact on her, motivating her to go into marine research. She is an ardent advocate for climate justice and has been involved in various campaigns related to this, such as the School Strike 4 Climate movement, Protect Ningaloo, StopAdani and the Australian Youth Climate Coalition. Alongside this, she is passionate about playing soccer and swimming.

# Undergraduate 2019

## Eva Marsh

*Current Course of Study: Bachelor of Philosophy, majoring in Politics and Economics; Assured Pathway: Juris Doctor*

*LinkedIn: [www.linkedin.com/in/eva-marsh-82815417b](https://www.linkedin.com/in/eva-marsh-82815417b)*

Eva graduated from Presbyterian Ladies' College in 2018 as Service Captain after completing the International Baccalaureate Diploma Program.

Throughout high school, Eva was involved in service both within and outside of school, completing over 150 hours of community service. She volunteered in activities such as 'Tech Tips for Seniors' by helping elderly people with their technology and helping students at PLC with homework in the Student Learning Hubs. As part of her role as Service Captain, Eva organised events such as the World's Greatest Shave where PLC raised \$32000 and achieved the award of 4th highest fundraising school.

Eva also fueled her interest in law and public speaking through her participation in Mock Trials and Debating. Eva was a member of the PLC Mooting Team that competed in the finals at Bond University and placed 4th in the country. Eva enjoyed participating in sport and was involved in the interschool swimming and water polo teams.

Eva is excited to be a member of the Fogarty community and participate fully in university life this year. She looks forward to furthering her passion for service through the 'Teach Learn Grow' program and the Ignite mentoring program.

# Undergraduate 2019

## Caleb McKenna

*Current Course of Study: Bachelor of Philosophy, majoring in in Engineering Science and Physics; Assured Pathway to Masters of Professional Engineering*

---

Caleb graduated from Warwick Senior High School in 2018, as Head Boy and Dux of the school. Caleb was awarded a Certificate of Distinction, and the Caltex Best Allrounder Award for his school. Alongside his studies, Caleb captained the school's Australian Rules Football Team and is also a member of The Subiaco Football Club's Colts Team.

Caleb is very passionate about the sciences and engineering, both as an area of study and as a mechanism for social impact. Caleb has been involved with the National Youth Science Forum, attending as a both a student and Student Staff Member and looks to continue working in the area of youth education and science outreach. Caleb has also embraced the many opportunities that university has to offer, including being a mentor at Ignite Mentoring and involvement in many clubs.

# Undergraduate 2019

## Charlotte Owens

*Current Course of Study: Bachelor of Philosophy, Majoring in Engineering Science and Management; Assured Pathway to Masters of Professional Engineering*

*LinkedIn: <https://www.linkedin.com/in/charlotte-owens-550b2217b>*

---

Charlotte graduated from Methodist Ladies' College in 2018 as Head Prefect, and achieved a Certificate of Distinction in the SCSA Awards.

Charlotte has commenced her studies in the Bachelor of Philosophy (Honours) degree, and is already excited about her upcoming research placement and student exchange opportunities. She has an Assured Pathway to Masters of Professional Engineering, and believes that engineering will offer a diverse, fulfilling career.

Her passion for sport has seen her represent MLC in more than 25 IGSSA teams, and represent WA in hockey at various underage levels. She will maintain her interest in sport by representing St Catherine's in intercollegiate sport, being involved in UWA sport, and competing at the U18 National Hockey Championships.

Charlotte will also be involved with Ignite Mentoring, Teach Learn Grow, and Bloom, where she looks forward to the opportunity to make a difference in her local community.

# Undergraduate 2019

## Henry Pemberton

*Current Course of Study: Bachelor of Philosophy, majoring in Medical Science; Assured Pathway to Doctor of Medicine*

*LinkedIn: <https://www.linkedin.com/in/henry-pemberton>*

---

Henry graduated in 2018 from Christ Church Grammar School, receiving a General Exhibition, a Certificate of Distinction and a Certificate of Excellence in Chemistry ATAR at the SCSA Awards.

During high school, Henry was very involved in surf lifesaving, patrolling regularly at North Cottesloe SLSC and instructing there and at his former school. He developed a keen interest in public speaking and debating, and in 2018 entered the Lions Youth of the Year competition. He won both the state public speaking and overall titles, the latter based on sport and cultural, leadership, academic and community service achievements.

Henry played the trumpet in his school's concert and jazz bands and was honoured to perform the first movement of Hummel's Trumpet Concerto at his school's solo night. Delighted to be a student at UWA, he already feels welcomed by the Fogarty community and is excited to become more involved throughout 2019.

## Pooja Ramesh

*Current Course of Study: Bachelor of Philosophy, majoring in Medical Science and French Studies; Assured Pathway to Doctor of Medicine*

*LinkedIn: <https://www.linkedin.com/in/pooja-ramesh-19a789182/>*

Pooja graduated as Dux of Perth Modern School in 2018, achieving an ATAR of 99.95. She was awarded the Beazley Medal (WACE), a General Exhibition, a Subject Exhibition in Economics, and a Certificate of Excellence in Economics, Mathematics Methods, and Literature. Pooja is eager to commence her first year at UWA, pursuing her passion for medicine and French through studying the Bachelor of Philosophy course. She aspires to become a paediatrician and medical researcher, hoping to tackle some of the field's pressing challenges, including equity in access to medical services and global health policy.

Outside of her academic pursuits, cultural and community-oriented activities have always played an instrumental role in Pooja's life. She is passionate about making a difference and giving back to the community. As Vice-President in youth-driven Subiaco Interact Club throughout high school, she was involved in organising an array of fundraisers and event volunteering opportunities, partnering with organisations like Foodbank WA and Be Benevolent in Varanasi, India. She also achieved her Silver Duke of Edinburgh Award – a challenging but rewarding self-development and leadership journey. Pooja has found these experiences extremely fulfilling, and looks forward to seeking out many more through her involvement with the Fogarty Foundation.

Pooja is also looking forward to participating in other clubs and organisations such as the WA Medical Students Orchestra, Teddy Bear Hospital, Dr YES, and Teach Learn Grow. She hopes to share her passion for education, music, and community with others, inspiring them to realise their potential and place as a global citizen in society.

# Undergraduate 2019

## Caitlin Staer

*Current Course of Study: Bachelor of Science, majoring in Medical Science; Assured Pathway to Doctor of Medicine*

---

Since childhood, Caitlin has been connected to an NGO-run hospital in Niger through involvement with her family's humanitarian work. Her Nigerien friendships and experiences shape the way she sees nutrition, education, health care and basic infrastructure. She is also concerned for those who suffer because of mental health issues, displacement, sexual abuse, colonialism and human trafficking.

Caitlin is at university with the goal of gaining the training that will enable her to be most effective in tackling these issues. Yet positive impact doesn't have to wait. Previously she has been involved in care services, fundraising, camps, school leadership, mentoring ToM teams, volleyball, and building friendships at an Aboriginal boarding school. She has just returned from a 12 month exchange in France. People-oriented, Caitlin is excited about new opportunities to love in practical ways now that she has moved to Perth from her hometown of Esperance.

As for other interests, Caitlin loves an outdoors adventure and is much more artsy than her course suggests.

# Undergraduate 2019

## Racheline Tantular

*Current Course of Study: Bachelor of Philosophy, Medical Sciences and General Music Studies, Assured Pathway to Podiatric Medicine*

---

Racheline graduated from Perth Modern School with a General Exhibition, Certificate of Distinction and an Engineers Australia Certificate for Excellence in Science and Maths.

Rachel received the Clare Casey Service Award and a Youth Ambassador Award for service to the school and wider community through events like the City of Perth ANZAC Day Services, HBF Run for a Reason, Food Fairs and volunteering with Catholic Youth Ministry Perth and as a Religious Education Assistant. This year, she is continuing her role as a Youth Leader at St Thomas More Parish, where she is part of a team who runs fortnightly sessions for high school students.

Rachel is passionate about languages and studied Japanese in high school, emerging as the State Winner of the Side By Side Competition and the Runner-Up of the WA Japanese Language Speech Contest in 2018. She enjoys watching Singaporean dramas to improve her Mandarin skills and is currently serving on the committee for the Australia-China Youth Association.

Rachel is pursuing her love for music as her second major, after being involved with 5 music ensembles and leading the school's Senior Wind Orchestra. In 2019, Rachel is playing with the UWA Wind Orchestra and the Western Australia Wind Symphony. She also sings, plays piano and clarinet with her parish's Youth Music Ministry and the Indonesian Catholic Community of Perth's Teens Choir.

Rachel is excited about embracing the many opportunities that UWA and St Catherine's College have to offer. She is an E-Mentor for Teach Learn Grow, a Teddy Doctor and has joined the Recreational Cheerleading Team. Rachel is also looking forward to teaching English with the Swim For Refugees program.

# Undergraduate 2019

## Zeke Tinley

*Current Course of Study: Bachelor of Philosophy, majoring in Medical Sciences and Political Science and International Relations; Assured Pathway to Doctor of Medicine*

*LinkedIn: <https://www.linkedin.com/in/zeke-tinley-b29245165/>*

---

Zeke graduated as the Dux and Head Boy of Bunbury SHS in 2018. This year he has taken the opportunity to study a Bachelor of Philosophy at UWA.

Zeke is passionate about encouraging others to be their best selves, and live life to the fullest. Last year he helped organise and run many initiatives at his school, including a heart health awareness week, highlighting to students the importance of making positive life choices to ensure they maintain a healthy heart. As a regional scholar, He has an interest in the effectiveness of rural education, and hopes to get involved in programs such as 'Teach Learn Grow' in order to contribute to the bridging of this gap.

Zeke is also a keen sportsman, having won medals for WA at the national level in both hockey and triathlon. He finds fulfilment in getting the most out of every day, and feels that balancing training with other commitments is the best way to do this.

Zeke feels very fortunate to have been chosen to be a part of such an inspiring group of young people, and can't wait to get involved in the multitude of opportunities that it will offer him.

# Undergraduate 2018

## Lydia Almeida

*Course of study: Bachelor of Biomedical Science majoring in Medical Sciences with Assured Pathway to Medicine*

---

Lydia graduated from Perth Modern School in 2017 and was awarded a General Exhibition, a Certificate of Distinction, and a Certificate of Excellence in ATAR Music in the SCSA Awards.

Since 2010, Lydia has volunteered with a variety of ongoing programs to support the participation of children with special needs in dance classes. She has recently assumed a one-on-one role with a young boy with Down Syndrome to allow him to take part in a mainstream dance class. Lydia has found her involvement very fulfilling and is excited by the many community and volunteering prospects that being a Fogarty scholar will bring.

Lydia is passionate about music and was a member of 5 music ensembles at school. She has achieved highly both as a clarinetist and a pianist, most notably winning the 'Most Outstanding Soloist' at the International Youth Music Festival in Bratislava for her clarinet performance. In 2018 Lydia has joined the WA Wind Symphony, a group which aims to change lives within the community through music. She also enjoys playing sports, and represented WA at the CFFA National Football Titles in 2013-15. She hopes to involve herself in the array of sporting options offered at UWA.

# Undergraduate 2018

## Amber Anderson

*Course of study: Bachelor of Philosophy (Honours) majoring in Environmental Science and Political Science and International Relations*  
*Contact: [amberanderson929@yahoo.com](mailto:amberanderson929@yahoo.com)*

---

Amber graduated in 2017 as Head Girl and the Dux of Bunbury Cathedral Grammar School. She will be continuing study this year under the Bachelor of Philosophy, majoring in Environmental Science and Political Science and International Relations.

Amber is passionate about conserving the environment, and she has loved being involved with dune rehabilitation in her hometown of Margaret River. Her volunteer work with Riding for the Disabled and mentoring of autistic children sparked an interest in assisting the learning and growth in others. She is excited about the service opportunities the Fogarty Foundation program will bring, and is especially interested in getting involved with Teach Learn Grow.

A keen open water swimmer, Amber has completed the Rottnest Channel Swim and the Busselton Jetty Swim for the past three years. She also enjoys basketball, volleyball and horse riding and has continued to participate in sport at UWA.

In her spare time, Amber enjoys painting, strumming on her guitar and baking (and eating) scrumptious chocolate cakes. She is looking forward to the new places, people and challenges this year will bring.

# Undergraduate 2018

## Nicholas (Nick) Ellison

*Course of study: Bachelor of Biomedical Science majoring in Medical Sciences and Finance*

---

Nicholas is currently undertaking a double major in Medical Sciences and Finance, receiving a Certificate of Distinction for his ATAR. He also graduated as the Head Prefect of Trinity College in 2017.

During his time at Trinity, Nicholas immersed himself within a variety of activities, leading the College's Pipe Band as Pipe Major and singing in the College Chorale and Vocal Ensemble. He is also a keen sportsman, playing for the school's First XI Water Polo team and played soccer for the school.

Nicholas also displayed a commitment to community at school by receiving Full Colours for his work in participating in the Winter Sleepout, Red Cross Soup Patrol and volunteering at Shelby's Recreational Centre, Bethanie Aged Care Service and St Columba's Primary School. Nick is intent on continuing such work at University by taking up the opportunities offered by the Fogarty Scholarship programme.

In particular, he will be looking for a contribution he can make off campus in the broader community whilst also engaging in University life through participation in various clubs.

# Undergraduate 2018

## Elodie Hayward

*Current Course of Study: Bachelor Medical Science, majoring Biochemistry & Molecular Biology and Genetics*

---

Elodie graduated St Hilda's Anglican School for Girls in 2017, with a Certificate of Distinction. She is currently in her second year of studying Biochemistry & Molecular Biology and Genetics.

Last year Elodie enjoyed being involved in the Fogarty Scholars Association as a Fresher Representative and is continuing this involvement as Vice-President this year. Elodie hopes to continue her participation in Teach Learn Grow at the winter rural program and, this year, has also chosen to volunteer for Uni Camp For Kids.

Elodie enjoys cross-country running and playing soccer and is excited to start playing netball this year. She also plays the alto saxophone and hopes to continue her musical endeavors as well as her sport throughout university.

## Leyton Hilmer

*Current Course of Study: Bachelor of Science, majoring in Computer Science with a second major in Management*

---

Leyton, after finishing his first year of studies in architecture, has decided to venture away from that path and try something new for this year. Going into the Bachelor of Science studying computer science, Leyton is really excited for the new experience he will have for 2019. During 2018, Leyton spent his year in St Catherine's college as a new resident and has decided again for 2019 to live away from home. He recently performed with the Western Australian Charity Orchestra, an orchestra he has been supporting for 5 years. This year, Leyton hopes to branch out more into the community, gain more connections with inspirational people and is excited to see what opportunities come his way.

# Undergraduate 2018

## Emily Roberts

*Course of study: Bachelor of Science majoring in Engineering Science and Geology with Assured Pathway to Masters of Professional Engineering*

---

Since graduating from Mercedes College in 2017, Emily has taken up the opportunity to study a Bachelor of Science at UWA majoring in Engineering Science and Geology with an assured pathway into the Masters of Professional Engineering. Through her studies, Emily is aspiring to become a person who can assist in developing a more sustainable and just world.

Emily has fond memories of school, which can be attributed to the various co-curricular activities she involved herself in throughout her six years of secondary education. These included competing in various sporting teams, including athletics, cross country and hockey; performing in school music and drama festivals; participating in various academic competitions and helping to serve her school in a number of leadership positions including as the Deputy Head Girl in 2017.

Emily has always aspired to be a servant leader, or somebody who leads from within the community. Emily has participated in various voluntary activities which include a school Immersion to Cambodia, patrols at Trigg Island Surf Life Saving Club and her involvement in her school's Amnesty and Young Mercies clubs. In 2019 Emily is hoping to continue to serve the community through UWA initiatives such as Teach Learn Grow.

# Undergraduate 2018

## Michaela Savage

*Current Course of Study: Bachelor of Arts, majoring Architecture.  
Assured Pathway to Master of Architecture*

---

Michaela is completing a Bachelor of Arts at The University of Western Australia in Architecture. She is particularly passionate about humanitarian-based architecture as she finds this is where one can make a real difference helping some of the most vulnerable people in the world, finding sustainable solutions to social inequalities and environmental degradation. She has recently joined the OMB Studio in Perth, run by Marcus Brett, collaborating on upcoming design competition proposals and conducting research.

The Fogarty Scholarship has enabled her to join the St Catherine's College community over the past year, whereby she has jumped at the opportunity to get involved with inter-college sports, dance and arts events as well as getting behind fundraising campaigns including Dine Below the Line and the Cancer Councils Relay for Life.

# Undergraduate 2018

## Luke Thomas

*Course of study: Bachelor of Philosophy (Honours) majoring in Political Science and International Relations and Economics with Assured Pathway to Juris Doctor*

---

Luke graduated in 2017 from St George's Anglican Grammar School and received a General Exhibition. During his last two years of school, Luke focused on his studies and involved himself in many extracurricular pursuits. Luke helped form and captain his school's Mock Trial team, was an Anglicare student ambassador, and as Head Boy continued and expanded school traditions. Luke also interned for and contributed book reviews to the literary magazine *Westerly*, and published on the UWA International Law Club's flagship blog *JusT Cogens*. After completing an internship through the UWA McCusker Centre for Citizenship, Luke has continued to work with Anglicare WA. He is enjoying the experience and valuing the insights in to the community sector

Passionate about politics, international law, and public policy, Luke hopes to continue engaging in and advocating for these fields. Luke is excited to throw himself into college, university, and club life in 2018. He also hopes to make the most of the language clubs available at UWA. Luke is thankful for the Fogarty Foundation and intends to use the opportunities to make meaningful change in his communities.

# Undergraduate 2017

## Luke Barber

*Course of study: Bachelor of Philosophy (Honours) majoring in Political Science and International Relations and Economics with Assured Pathway to Juris Doctor*

---

Luke is in the third year of his Bachelor of Philosophy in 2018. He recently completed an internship through the McCusker Centre with Avivo, working on a diversity and inclusion related research project. In Semester 1 this year he will also be completing an internship with the political advisor at the Perth US Consulate General.

Through 2017 Luke spent large amounts of time volunteering for Teach Learn Grow (TLG) as a Rural Program Coordinator and a member of the executive holding the positions of Interview Officer and Coordinator Supervising Officer (CSO). At the start of 2018 Luke was appointed to the newly created position of Coordinator Support Manager, managing a team to oversee training and guidance for all Rural Program Coordinators. In addition, Luke was one of the Co-Conveners of the 2017 Fogarty Futures Conference, and hopes to continue his FSA involvement through 2019.

# Undergraduate 2017

## Isobel Cole

*Course of study: Bachelor of Science majoring in Physics and Engineering Science with Assured Pathway to Doctor of Medicine*

*Contact: Isobel.beatrix1@gmail.com*

---

Isobel graduated from Presbyterian Ladies College in 2016 and is currently in her second year of university, majoring in Physics with a new minor of Engineering Science.

Isobel became involved in various clubs during 2017. She followed her interest in music and acting and performed in the first semester musical with the University Dramatic Society. She also continued with her passion for volunteering, participating in PROSH, Dr YES, and Teach Learn Grow. Following her experiences on the Teach Learn Grow rural program she was inspired to join the Teach Learn Grow Tutoring Centre as a tutor and will participate in their e-mentor program this semester.

This year, Isobel plans to continue her involvement with these organisations whilst also volunteering for the organisation Robogals, which encourages young girls to develop an interest in robotics and coding as she is dedicated to increasing the number of women in STEM fields.

# Undergraduate 2017

## James Dingley

*Course of study: Bachelor of Philosophy (Honours) majoring in Engineering Science and Finance*

*Contact: [www.linkedin.com/in/jamesdingley/](https://www.linkedin.com/in/jamesdingley/)*

*[22100861@student.uwa.edu.au](mailto:22100861@student.uwa.edu.au)*

---

James graduated from Hale School in 2016 with a subject exhibition in Engineering Studies and a passion for leadership. He is studying Mechanical Engineering and Finance through the Bachelor of Philosophy (Honours) degree.

In 2017 James attended the 68th International Astronautical Congress and spent the summer working at NASA's Johnson Space Centre with the HASSE Space School. He hopes to apply what he has learned from government and industry to contribute to the new Australian Space Agency.

James has been working closely with Western Australian businesses, inventors, and researchers to produce a range of educational videos. His company, Atomic Frontier, has examined topics such as the Square Kilometre Array and Sorrento Shark Net and has made its way into schools, magazines, and local government. He will continue sharing exciting projects with the community through his position as Vice President (Outreach) of BPhil Union in 2019.

After being heavily involved with debating during high school, James is excited to be volunteering with the Western Australian Debating League as Treasurer.

# Undergraduate 2017

## Connor Jenkins

*Current Course of Study: Bachelor of Philosophy, majoring Economics and Finance*

*LinkedIn: [www.linkedin.com/in/connor-jenkins-0b93b4140](https://www.linkedin.com/in/connor-jenkins-0b93b4140)*

---

Connor is currently in the third year of a BPhil (Hons.) degree, majoring in Economics and Finance.

In the second half of 2018 Connor studied at Copenhagen Business School as part of the study abroad program. He enjoyed the chance to learn in a different environment, travel, experience a different style of teaching and make new friends. He also worked with a local start-up in Copenhagen.

In 2019 Connor is the COO of WAUC, a management consulting charity which works with local charities and NFP's to provide high-quality consulting services. He is looking forward to the opportunity to develop his leadership skills whilst giving back to the community.

Connor remains actively involved in multiple sporting teams, currently playing tennis, hockey and floorball. He enjoys travel, and is always looking for new experiences.

# Undergraduate 2017

## Celeste Kalnenas

*Current Course of Study: Bachelor of Arts, majoring Biomedical Science and French Studies; Assured Pathway to Doctor of Medicine*

---

Celeste graduated as Dux of St Hilda's Anglican School for Girls in 2016, receiving a General Exhibition, Certificate of Excellence in French, and a Certificate of Distinction. Currently undertaking the third year of her tertiary studies, Celeste is enjoying balancing her Medical Sciences and French studies with volunteering opportunities, team sports and work placements.

In 2018, Celeste embarked on an independent study abroad program, studying Law and Social Justice at University College London; one of the leading multidisciplinary universities in the world. This was an outstanding opportunity for developing greater global awareness, for establishing new contacts, as well as for broadening the scope of her degree.

In addition to completing a work placement at Royal Perth Hospital Emergency Department during the 2018-19 summer holidays and playing UWA Social Netball, Celeste volunteered for a second time with Teach Learn Grow, participating in a week-long Rural Program at Morawa District High School.

As a Fogarty Scholar passionate about precipitating social change, Celeste looks forward to working with the Fogarty Foundation and to the opportunities that will present in the upcoming year.

# Undergraduate 2017

## Elizabeth Knight

*Current Course of Study: Bachelor of Science, majoring Psychology;  
Assured Pathway to Psychology (Honours)*

*LinkedIn: <https://www.linkedin.com/in/elizabeth-knight-009757149/>*

---

Elizabeth is passionate about working with young people to unlock their full potential.

This year, she will be commencing her role as the COO at Bloom, where she is excited to be a part of launching the organisation's next chapter, which will enable young people across the state to make their passions come to life through entrepreneurship.

She is currently developing her own social enterprise, Purposeful which provides young people with a structured way of discovering their passions and purpose, so that they can create the best and most fulfilling futures for themselves.

Throughout her degree, Elizabeth has also worked as a Personal Development Coach at the LEAP Foundation in Los Angeles, a Youth Ambassador to the National Youth Inquiry, and convened the Fogarty Futures Leadership Conference in 2017.

Elizabeth lives at St Catherine's College and is excited to complete her final year of her undergraduate degree this year.

# Undergraduate 2017

## Tannith Lilford

*Current Course of Study: Bachelor of Philosophy majoring Medical Sciences; Assured Pathway: Doctor of Medicine*

---

After graduating from Methodist Ladies' College in 2016, Tannith is now in her third year of university, studying a double major in Psychology.

Since commencing her studies at UWA, Tannith has continued to pursue her passion for volunteering through Teach Learn Grow (TLG). Tannith has coordinated four times for TLG, which gave her the opportunity to make a positive contribution to three different rural WA communities. In the second semester of last year, Tannith joined the TLG executive in the role of School Liaisons Officer. At the start of 2019, Tannith was appointed to the position of Coordinator Support Manager, which involves using her experience as a coordinator to manage the team responsible for all Rural Program coordinators.

This year, Tannith plans to continue her involvement with TLG whilst volunteering in a variety of ongoing programs with autistic youth and the elderly.

# Undergraduate 2017

## Jane Pankhurst

*Course of study: Bachelor of Philosophy (Honours) majoring in Music Studies and Music Specialist Studies with Assured Pathway to Doctor of Medicine*

---

After graduating from Perth Modern School in 2016, Jane is now in her third year at UWA, majoring in music and music specialist studies.

Jane is passionate about music and this year, is a member of both the West Australian Youth Orchestra and UWA Symphony Orchestra clarinet sections. She is looking forward to continuing her clarinet studies under the direction of WASO's principal clarinet, Allan Meyer as well as perform some of the great orchestral repertoire as part of these ensembles.

Jane is a member of Ascot Kayak Club, and enjoys competing regularly in marathon kayaking events. Jane also loves dance and has recently begun teaching children's dance classes at her dance studio.

Jane is passionate about giving back to the community and enjoys being a part of fundraising activities at Ascot Kayak Club. She is also grateful for the opportunities available at UWA to be involved in many events that help to promote and support music engagement within the community.

# Undergraduate 2017

## Caitlin Revell

*Course of Study: Bachelor of Philosophy (Honours) majoring in Engineering and Physics*

---

Caitlin graduated in 2016 as Dux of Perth Modern School and received the school's Caltex All-Rounder award. Caitlin achieved an ATAR of 99.95 and was awarded the Beazley Medal (WACE), a General Exhibition, subject exhibitions in Politics and Law and Biology and certificates of excellence in Physics and Chemistry. Although Caitlin enjoyed studying all her WACE subjects she has chosen to pursue her interest in science at UWA through studying the Bachelor of Philosophy course with majors in Engineering and Physics.

Outside of her academic endeavours Caitlin is also very passionate about sport, in particular athletics where she has competed in the 400 and 800m at both state and national events. Despite injuries that have prevented her from continuing her running pursuits, Caitlin aims to sustain her passion for sport through the variety of options available at UWA and has a particular interest in taking up rowing. She is looking forward to being involved in the university games during her time at UWA.

Caitlin is also passionate about conservation and participated in community service with the Australian wildlife conservancy, aiding with the conservation of endangered native species. She is also looking forward to the community service opportunities the Fogarty Foundation program will bring. In particular, she hopes to improve the education of students and transfer her passion for learning to others through the diverse array of community service organisations affiliated with UWA such as Teach Learn Grow and Engineers Without Borders.

# Undergraduate 2017

## Haseeb Riaz

*Current Course of Study: Bachelor of Arts, majoring Architecture.  
Assured Pathway to Master of Architecture*

---

Haseeb graduated from Hale School in 2016 with an ATAR of 99.90, where the majority of his co-curricular passions at school involved debating, public speaking, drama, mock trial, chess and other various cultural activities. Since starting university in 2017, Haseeb has taken the opportunity to expand his horizons.

In 2018, he was treasurer of LOVE Foundation UWA (a charity that raises funds for working mothers in Indonesia through promoting the arts in WA), vice-president of DESI Students Society, social representative for the WAMSS Associate Members (for undergraduate students involved with pre-medical interests) and a speaker for the UWA Enactus team that placed 2nd at nationals. He's enjoyed learning and playing ultimate frisbee throughout his university studies so far, and also hopes to begin volunteering with St. John's Ambulance and Radio Lollipop, while being a Dr YES co-ordinator (a program that provides peer-to-peer health education to high school students) for 2019.

He is very grateful for all the opportunities provided to him via the Fogarty Foundation and endeavours to continue engaging with the foundation in 2019 as well, through the Peer Mentoring program.

# Undergraduate 2017

## Oliver Sanderson

*Course of study: Bachelor of Arts majoring in Political Science and International Relations and Business Law with Assured Pathway to Juris Doctor*

---

Oliver graduated from Hale School in 2016 after six years of strong engagement in the wide range of opportunities offered.

While academically focused, Oliver maintained and enjoyed commitments to football, cricket, swimming, debating, mock trial and service learning. Oliver is looking to continue these passions, as this year he is playing footy for UWA, coaching debating at Hale, tutoring and planning on joining the Teach Learn Grow program. Oliver's interest in this program has been inspired by a school trip to the Solomon Islands in 2015 where working in an underprivileged school showed how far a little bit of help can go and how great building personal relationships with the kids can be.

Oliver is looking forward to continuing to be a part of the Fogarty community, where he hopes surrounding himself with so many positive and passionate people will enable him to grow as a person, leader and encourage community involvement.

# Undergraduate 2016

## Julia DeLorenzo

*Course of study: Bachelor of Philosophy (Honours) majoring in Political Science and International Relations and Economics with Assured Pathway to Juris Doctor*

*Contact: [juliadelorenzo@hotmail.com](mailto:juliadelorenzo@hotmail.com) and <https://www.linkedin.com/in/julia-delorenzo-023a4513a/>*

---

This year Julia is working on her research project paper investigating governance issues surrounding stingray tourism in WA and other sites around the world. She will be continuing her involvement with the Fogarty Scholars' Association and Bachelor of Philosophy (Hons) Union in leadership roles.

Julia enjoys debating, writing and facilitating United Nations Youth WA workshops and conferences and travelling in her spare time. She has also now joined the UWA People for Animal Welfare committee so that she can continue combining her interest in the environment with the political and legal disciplines.

## Chelsea E Francis

*Current Course of Study: Bachelor of Commerce, majoring Economics; Assured Pathway to Juris Doctor*

*LinkedIn: <https://www.linkedin.com/in/chelsea-francis-771649123/>*

Chelsea is completing her degree in Economics under the Juris Doctor (JD) pathway. She intends to pursue a career in civil litigation and specialise in international law and public policy. Chelsea is an advocate of the issues of educational inequity, human rights violations, and the attainment of social egalitarianism.

Having been on the Amnesty International and branch committee for over three years, Chelsea has served as the 2017-2018 President of the UWA branch and remains on the executive as the IPP and Campaign Director. She has furthered her involvement in the human rights sector by interning for South32 and has since been inspired to further her work within the refugee affairs sector after spending this summer (2018-19) working at a refugee camp in Serbia. Additionally, she has been involved in the committee of the Blackstone Society and has since interned at a state law chambers. Chelsea's passion for youth empowerment led her to consecutively serve as a member for the Youth Parliament of Western Australia. Similarly, she has served as the Secretary of the Fogarty Scholars' Association (FSA), convened the 2016 Fogarty Futures Leadership Conference, and undertook the role of Vice-President of the FSA in 2017.

She is currently employed as an academic tutor at Teach Learn Grow (TLG), having formerly been the Executive Sponsorship Officer of the organisation. In 2018, she was also employed as a Campus Brand Ambassador for Teach For Australia. Chelsea now serves on the Editorial Board of the Perth International Law Journal.

In her spare time, Chelsea enjoys reading, playing the piano, and writing creative pieces.

# Undergraduate 2016

## James Heald

*Course of study: Bachelor of Arts majoring in Political Science & International Relations and Human Resources Management with Assured Pathway to Juris Doctor*

---

James graduated from Trinity College in 2016. James is currently in his fourth year of Bachelor of Arts, double majoring in Political Science & International Relations and Human Resources Management, with an assured pathway into the Juris Doctor postgrad. During his high school years, James was heavily involved in a number of extra-curricular activities, including the senior debating team, United Nations Youth and his school astronomy program to name a few. These interests culminated in James being selected to attend the International Space School in Houston, Texas in 2014, as well as the National Schools Constitutional Convention and United Nations Youth National Conference in 2015.

James hopes to go on to pursue a successful career in either law, the public service or human resources upon completing his studies.

# Undergraduate 2016

## Cassandra Howell

*Current Course of Study: Bachelor of Philosophy, majoring Botany*

*LinkedIn: [linkedin.com/in/cassie-howell-87a483165](https://www.linkedin.com/in/cassie-howell-87a483165)*

---

Cassie is in her fourth year of a Bachelor of Philosophy majoring in Botany. She has a passion for all things green and leafy. Having completed her major, she is expanding her knowledge and skills by taking as many practical units as possible. Through the McCusker Centre for Citizenship, she is the Communications and Events Intern at Peel Bright Minds, an organisation based in Mandurah that promotes engagement with ESTEAM throughout the Peel region. She is also completing a work placement with Greening Australia. These experiences will allow her to explore her passion for education, science and the environment. She is also exploring new academic interests such as environmental economics and is hoping to continue work related to her past research placement in dendrochronology.

This year, she hopes to continue to create and develop further environmental initiatives, such as the St George's College Eco Week that she first ran last year. Having won the first ever WAAFL Women's A Grade premiership last year with the University Football Club, she is excited to continue playing footy this year.

# Undergraduate 2016

## Jessica Knight

*Course of study: Bachelor of Philosophy (Honours) majoring in Medical Sciences and ITLNI Italian Studies with Assured Pathway to Doctor of Medicine*

*Contact: [jessica.l.knight01@gmail.com](mailto:jessica.l.knight01@gmail.com)*

---

Jessica is very much enjoying her studies of Medical Sciences, but also loves languages and travel. During 2017, Jessica spent a semester studying in Milan, Italy. She took courses in Italian, to improve her language skills and develop her passion of the country and culture, and began learning Spanish which she plans to continue as her next language. Jessica sees travel as a way for us to become more open-minded, accepting and knowledgeable of the people around us.

Jessica also loves volunteering to give back to the community. This year she has started as a TLG eMentor Officer, with hopes of helping the program's growth, and the FSA Vice-President, with hopes of perpetuating the community that she has been so inspired by so far. She plays clarinet in the WA Charity Orchestra – to “change lives through music” by raising money to play in impactful settings such as hospitals, nursing homes and prisons. Jessica also volunteers with Dr YES, to educate school students in an approachable way about Alcohol, Drugs, Sexual health and Mental health, and hopes to coordinate another TLG Rural Program!

Aside from all this, you'll find Jessica at the beach or watching the sunset (or both!).

## Conor McLaughlin

*Current Course of Study: Bachelor of Commerce, majoring Economics and Management*

*LinkedIn: <https://www.linkedin.com/in/conor-mclaughlin-32829a124/>*

Conor is currently undertaking his studies in economics and business, with a particular focus on educational technology. In 2017, he founded a start-up called Futuristic Skills which aims to teach young people the most important job skills of the future. Since then, he has worked with over 5,000 students through workshops and he is now the Head of Partnerships of Alpha Motivation.

Conor was also recently invited to join the Awards WA Board as a non-executive director. Through this position, Conor helps Western Australians to complete their Duke of Edinburgh Award, as he currently completes his gold award. Conor strongly believes it is through these co-curricular activities that the real world skills are learned and applied, which the Fogarty Foundation also recognises.

He is looking forward to mentoring upcoming Fogarty Scholars so please reach out to him if you have any questions about starting a charity or business. He is very passionate about helping others with their goals.

# Undergraduate 2016

## Stefano Tudor

*Current Course of Study: Bachelor of Philosophy, majoring in Medical Sciences and French Studies; Assured Pathway to Doctor of Medicine*

---

Having completed the first three years of his Bachelor of Philosophy (Honours) degree, in which he majored in Medical Sciences and French Studies, Stefano is currently pursuing an Honours project in Public Health. His research will investigate mental health issues in Perth's homeless population, and will be performed in association with Homeless Healthcare.

Throughout his time at university, Stefano has enjoyed volunteering with TLG, tutoring on three TLG Rural Programs and at the TLG Tutoring Centre. Stefano is also interested in the French language and has helped organise various events as a student ambassador for the French Studies major, as well as completing a semester-long exchange program at the University of Grenoble Alpes. Stefano was also a member of the French Club Committee in 2016 and 2017.

Recently, Stefano started coaching tennis at Dalkeith Tennis Club and joined the Pelican Film Reviewers team. Over his time at university, he has also completed a research placement on mindfulness based cognitive therapy, volunteered for Dr YES and taken part in the Fogarty Mentoring Scheme.

# Undergraduate 2015

## Katie McAllister

*Course of study: Bachelor of Arts majoring in English and Cultural Studies and Indigenous Knowledge, History and Heritage with Assured Pathway to Juris Doctor*

*Contact: [katie@et-cet-era.com](mailto:katie@et-cet-era.com)  
[www.linkedin.com/in/katiefromalbany](http://www.linkedin.com/in/katiefromalbany)*

---

Katie is completing her Arts Degree in English and Indigenous Studies on Minang country in Albany. She presents the Saturday Breakfast program at ABC Great Southern and loves being able to share stories about the place she grew up in and loves. She also edits UWA's student magazine Pelican and is passionate about small stories told well and quality student journalism. She's currently completing a year long writing residency at the Vancouver Arts Centre, where she's balancing writing self-indulgent poetry with organising and curating community arts events. In her spare time, she adjudicates debates for high school students with her first true love, the Western Australian Debating League. She really loves drinking tea and going to the many beaches along the South Coast.

# Undergraduate 2015

## Hayley Winchcombe

*Course of study: Bachelor of Philosophy (Honours) majoring in Political Science and International Relations and French Studies with Assured Pathway to Juris Doctor*

*Contact: 21495498@student.uwa.edu.au*

*[www.linkedin.com/in/hayley-winchcombe-02018](http://www.linkedin.com/in/hayley-winchcombe-02018)*

---

Hayley completed studies abroad at Nanyang Technological University in Singapore through an Australian Government New Colombo Plan Scholarship. 2018 saw Singapore chairing the Association of South East Asian Nations, making it the focal point of South-East Asian regional dynamics that will form the basis of her dissertation in Political Science and International Relations under the Bachelor of Philosophy (Honours).

A regional scholar from Busselton Senior High School, Hayley spent her high school years passionately learning Japanese. A year-long Rotary Youth Exchange to France and semester studying a Diploma in International Relations from a Spanish Perspective at Comillas Pontifical University afforded her the opportunities to become proficient in both French and Spanish. She now hopes to learn Chinese during her time in Singapore, as well as a little Malay.

In 2019, Hayley hopes to continue running, playing piano, soccer and serving her community through volunteering. She will also finish her thesis and final year of undergraduate studies.

## Edoardo Anderle

*Current course of study: Masters of Professional Engineering*

*Undergraduate course of study: Bachelor of Science majoring in Engineering Science and Computer Science*

---

Edoardo is a Bunbury Cathedral Grammar School graduate and is currently studying a Bachelor of Science at UWA, majoring in Engineering Science and Computer Science with an assured pathway into Masters of Professional Engineering.

During the 2016 year, Edoardo was involved in various volunteering organisations and sporting clubs. He was involved in a mentoring program called True Blue Dreaming organised through St George's College. He continues to dedicate his time to the Smiths' Beach Surf Life Saving Club and also volunteers at several other events tied in with the organisation such as the Busselton Jetty Swim, Ironman and several local schools' "beach days". He was also a facilitator at the 2016 Fogarty Futures Leadership Conference.

During his spare time, Edoardo enjoys socialising with fellow collegians and has also continued to frequently train in martial arts such as Brazilian Jiu-Jitsu and Boxing.

## Adehlia Ebert

*Current course of study: Juris Doctor*

*Undergraduate course of study: Bachelor of Philosophy majoring in Political Science and International Relations and Italian Studies*

*Contact: [www.linkedin.com/in/adehlia-ebert-16407a143](https://www.linkedin.com/in/adehlia-ebert-16407a143)*

---

Adehlia is incredibly excited to be undertaking her Honours this year in Political Science and International Relations. Adehlia's Honours thesis is focused on Chinese politics and in particular is analysing whether or not Xi Jinping is China's new Mao.

Adehlia is further fostering her passion for international relations by undertaking an internship at the Perth USAsia Centre. The Centre is dedicated to strengthening diplomatic relationships between Perth, the US and the Asia-Pacific region.

While sadly Adehlia has finished her Italian studies, she still indulges her love of languages by tutoring Italian, corresponding in German with her German exchange host family and trying to learn Mandarin.

When not absorbed in the world of international politics, Adehlia spends her time tutoring students from Kindergarten to Year 12, dancing ballet (albeit not very well), playing saxophone and piano and being a Young Carer to her youngest sister who has a number of disabilities.

## McCarthy (Mac) Hanlin

*Current course of study: Juris Doctor*

*Undergraduate course of study: Bachelor of Commerce majoring in Economics, Political Science and International Relations*

---

McCarthy graduated from Scotch College in 2015 as School Vice Captain. At university, he has a particular passion in politics and has been working to deepen his knowledge since starting at UWA. These academic interests have seen Mac take a deep interest in the realm of debating, a passion that he has continued since graduating high school. This has seen him take on the important role of Western Australian State Team assistant coach, where he hopes to improve critical thinking and public speaking skills for students – in particular those without financial access to high level coaching – as well as achieving success on a national level in inter-varsity debating.

Mac also has a competitive passion for rugby, where he has achieved success at an under-20's level.

Mac is also a person who has a passion for serving those who are less fortunate in his community and in particular looks to stand up for those who do not have that ability themselves. In 2019 Mac commenced Juris Doctor postgraduate studies.

## Oliver Hoare

*Current course of study: Juris Doctor*

*Undergraduate course of study: Bachelor of Philosophy, Arts majoring in Political Science and International Relations*

*Contact: [oliverhoare@mac.com](mailto:oliverhoare@mac.com)*

---

Oliver graduated as Vice-captain of Hale School in 2015 and is currently in his final year of a Bachelor of Arts degree. Oliver has just returned from a semester exchange at the University of Oslo, where he enjoyed looking at International Relations from a different perspective and learning from all the other cultures he came in contact with. Well-travelled, he is now ready to re-immers himself in university life.

He is an active member of the UWA rowing club, as well as participating in a large number of social sport teams. Oliver also regularly competes in the Blackstone Pre-law competitions.

Oliver continues his passion for volunteering and positive social enterprises through both Ignite Mentoring and Teach Learn Grow (TLG). Oliver co-ordinates a group of fellow mentors with Ignite to provide positive mentoring to children from lower SES schools. The program aims to re-engage kids with school and to provide them with important life skills such as leadership and teamwork skills. Oliver is involved in both TLG's e-mentor and Rural programs. In 2019 Oliver commenced Juris Doctor postgraduate studies.

## Michael Hooper

*Current course of study: Doctor of Medicine*

*Undergraduate course of study: Bachelor of Science*

---

Michael graduated from Bunbury Cathedral Grammar School as the school Dux in 2014. He threw himself into life at St George's College, directing the college's Mockingbirds a cappella group, founding the St George's College Jazz Band and running free music classes for residents. He also applied his leadership and mentoring skills to the roles of Summer Duty Manager, O-Week Crew member and Facilitator on St George's Summer High School Program.

In 2019 Michael is undertaking postgraduate studies, Doctor of Medicine at UWA and looking forward to the new learning and experiences ahead.

## Jonathon Kammann

*Current Course of Study: Masters of Agriculture*

*Undergraduate Course of Study: Bachelor of Science*

---

A change of pathway has long been coming for John and arrived in late 2017. Due to a lack of direction after finishing his bachelor's degree in Geology and Botany, he decided on a tree change and spent a year working on his family's farm in Manjimup. It proved to be just what was needed (aside from an unfortunate accident on the football field), and John has recently moved back to Perth for future study. After weighing up options he has decided to pursue his developing passion in sustainable agriculture and modern farming by beginning a Masters of Agricultural Science at UWA.

Concussions have meant that John will be taking an extended break from playing Australian Football, so on weekends and holidays you will find him pursuing his other hobbies of canoeing rivers and hiking up mountains with middle school aged students and fishing remote beaches with his younger brother.

## Brayden Keizer

*Current course of study: Commerce Honours*

*Undergraduate course of study: Bachelor of Philosophy, Arts majoring in Economics, Political Science and International Relations*

*LinkedIn: <https://www.linkedin.com/in/braydenkeizer/>*

Brayden has spent most of the past two years working and studying abroad in Hong Kong and China under the sponsorship of the Westpac Asian Exchange Scholarship and the Department of Foreign Affairs and Trade's New Colombo Plan. These experiences have focused Brayden's passion for developing Australia's economic and strategic partnerships with its regional neighbours, by improving the linguistic and professional Asian literacy of young Australians.

Having returned to Perth, Brayden has recently graduated from a double degree in Political Science & International Relations and Economics. He is now pursuing an Honours in Economics from the UWA Business School, combining his love for sport with his interest in political economy by researching the effect of Brexit on skilled labour valuations within the market for footballers in the English Premier League.

In his spare time Brayden continues to study Chinese and participate in a variety of social sport activities.

## Theodore Kenworthy-Groen

*Current course of study: Doctor of Medicine*

*Undergraduate course of study: Bachelor of Philosophy, Science  
majoring in Physiology and Sports Science*

*Contact: [theodorekg@outlook.com](mailto:theodorekg@outlook.com)*

---

Theodore is commencing his postgraduate studies in Doctor of Medicine. In 2018 he completed a Bachelor of Philosophy and his main honours project investigating the effect of gelatin supplementation on collagen synthesis in trained team sport athletes. The project is facilitated by both UWA and the West Australian Institute of Sport providing direct exposure to the elite sport industry which is proving itself as an area of increasing interest for Theodore as he contemplates his next career direction.

Volunteering with Fair Game Australia since the start of last year has left a big impression on Theodore who is thus currently training to become a Senior Fair Gamer to take on greater responsibility during trips to regional WA. To further his community engagement, Theodore is now working with the Leeming Area Training Band honing the skills of its percussionists. Also, utilising his reputation as back to back sportsman of the year at Saint Catherine's College, Theodore is continuing his coaching pursuits by orchestrating running sessions suitable for residents of all abilities.

## Benjamin Chia

*Current Course of Study: Doctor of Medicine*

*Undergraduate Course of Study: Bachelor of Philosophy,  
Medical Science*

*LinkedIn: <https://www.linkedin.com/in/benjamin-chia-3a954a129/>*

---

Ben is currently undertaking a Doctor of Medicine at UWA. During his extra hours, Ben volunteers as the Recruitment Manager for Teach Learn Grow, a charity tackling educational disadvantage in rural Australia, and a Co-Coordinator for Red Party, a charity fundraising for projects tackling HIV/AIDS in South African communities.

When he's not in the hospital or volunteering, Ben can be found at the beach, playing the piano, reading, or travelling.

## Alexandra Lyons

*Course of study: Master of Professional Engineering  
(from Bachelor of Science)*

*Undergraduate course of study: Bachelor of Science*

---

Alexandra Lyons is a regional scholar from Albany, WA. Since moving to Perth in 2014, she has spent three years living at Trinity Residential College, where she was a Residential Advisor in 2016, a leadership role providing pastoral care and running events. Her stay at Trinity was broken up by a semester abroad in 2015 at the Universitet i Bergen. Living in Norway helped her realise her passion for renewable energy, prompting her to pursue Natural Resource Management alongside her major in Electrical Engineering. Alexandra worked with Martin Biopower in 2016, a branch of German waste-to-energy company Martin GmbH, gaining vital experience on how projects get off the ground.

Alexandra is a passionate soccer player and coach, playing for UWANedlands and representing UWA at Unigames twice. She also has a strong drive to give back to the community, raising \$3000 for the Ride to Conquer Cancer in 2014 and \$4500 for the Relay for Life.

## Jonathan Pang

*Current course of study: Doctor of Medicine*

*Undergraduate course of study: Bachelor of Science*

---

Jonathan is commencing his Medicine course this year, after finishing his Bachelor of Science majoring in Physics. During his undergraduate studies he won several prizes for Mathematics and Physics, and he is now looking forward to new challenges in his postgraduate course.

In his spare time, he enjoys sailing, practising his German, speedcubing, and playing the violin.

Jonathan has been involved in several clubs and co-curricular activities at UWA, including the BPhil Union, Teach Learn Grow, WAMSS and the Fogarty Scholars' Association. He currently holds positions on several committees, as an Admin Officer for TLG, Secretary of the TLG UWA Club, Ordinary Committee Member on the FSA, and co-Treasurer on the WA Medical Students' Orchestra (WAMSO) Committee.

Outside of university, he continues to enjoy sailing both competitively and socially. He volunteers on the Hillarys Yacht Club Dinghy Committee as the Secretary, helping to plan activities and campaigns for club sailors. On weekends, he works as a sailing instructor, and enjoys introducing younger kids to the sport of sailing.

## Katerina Chua

*Current course of study: Doctor of Medicine*

*Undergraduate course of study: Bachelor of Science*

---

Katerina Chua is in her third year of the Doctor of Medicine course, after completing a Bachelor of Science majoring in physiology. In 2013, she was awarded the Beazley Medal, the Chemistry course exhibition, and Certificates of Distinction in Chemistry, Physics, Mathematics 3CD, and Literature.

At UWA, Katerina has completed a range of units including human biology, chemistry, music language, and economics. In 2015, Katerina took part in a three week Mandarin course at Nanyang Technological University in Singapore.

Along with her academic pursuits, Katerina was a BPhil mentor in 2015 and 2016, a UniMentor in 2017, and has fundraised for the Cancer Council since 2014. Over the last two years, she has enjoyed volunteering for Save the Children and Therapy Focus. In 2017, Katerina took on the role of program director for Save the Children book sales, became a UWA Student Ambassador, and joined the WA Medical Students Orchestra.

## Thomas Coltrona

*Current course of study: Juris Doctor*

*Undergraduate course of study: Bachelor of Arts*

*Contact: [tcoltrona@westnet.com.au](mailto:tcoltrona@westnet.com.au);*

*[www.linkedin.com/in/thomas-coltrona-b497ba140/](https://www.linkedin.com/in/thomas-coltrona-b497ba140/)*

---

Thomas graduated from Trinity College in 2013 and is now studying a Juris Doctor after completing a Bachelor of Arts, majoring in Law and Society and Business Law. His passions lie in the humanities and social sciences, and he wants to practice law of some fashion after University. He also has interests in politics, debating and other public speaking activities.

As well as being committed to achieving excellent results in his academic study, Thomas is a person who is passionate about finding justice and raising awareness for the disadvantaged in our society. As such he volunteers his time with community organisations who work towards these ends. In 2017 he was the President of the Fogarty Scholars Association and Program Director of the Volunteer Tutor Exchange Program. The latter is an initiative he began at UWA, and he was awarded the Jeremy Cheang Award by the Fogarty Foundation for his efforts.

## Alec Disley

*Current course of study: Doctor of Medicine*

*Undergraduate course of study: Bachelor of Science*

---

In 2014 Alec commenced a Bachelor of Science majoring in Physiology at UWA which he completed in 2016. During his undergraduate degree, he was able to pursue his passion for community service and leadership through initiatives including the Fogarty Futures Conference, JAMPACT charity concerts in the South-West and patient support networks in the South-West.

Alec has now commenced his postgraduate degree in the Doctor of Medicine (MD) and he is excited to work towards being the best doctor he can be which he is currently devoting most of his energy to.

Alec also has a passion for yoga and music and he is doing some music production casually which he enjoys and keeps balance in his life.

## Kathleen (Katie) Dyer

*Current course of study: Doctor of Medicine*

*Undergraduate course of study: Bachelor of Philosophy, Science*

---

Katie began her tertiary studies in 2013 after completing her high school education at St Hilda's Anglican School for Girls. In 2012 she was the Dux of St Hilda's and recipient of the Beazley Medal: WACE as well as the Course Exhibitions in Chemistry and French. During her school career she also enjoyed being an active participant in extra-curricular activities including the St Hilda's music, tennis, debating and house programs, culminating in her being awarded the Victrix Award for exceptional academic achievement and contribution to her school, which had not been awarded since 2005.

At UWA Katie has pursued her interests in science, majoring in Mathematics and Physics within the Bachelor of Philosophy Program, while continuing to study French in preparation for an Advanced Diploma. She is not quite sure where her studies will take her, but one option is a postgraduate degree in Medicine, for which she has an assured entry.

Outside of her studies, her personal interests include music, travel, skiing and spending time with family and friends. Katie has enjoyed participating in various community and musical organisations and activities and hopes to continue to make the most of her time at UWA as she moves through her degree.

## Chloe Kirk

*Current course of study: Doctor of Medicine*

*Undergraduate course of study: Bachelor of Science*

*Contact: 21515455@student.uwa.edu.au*

---

Chloe graduated from Frederick Irwin Anglican School as Head Girl in 2013 and completed a Bachelor of Science in 2016 at UWA, majoring in physiology and pharmacology. Chloe is currently in her second year of medical studies at UWA and is excited about the year ahead as WAMSS Sports Representative and CHSS MD2 representative.

Throughout university, Chloe has immersed herself in organisations such as WAMSS, Teddy Bear Hospital, Christian Union and Relay for Life, while also being an active member of the local church. A lover of all things musical, Chloe finds great joy in supporting community theatre both up on stage and more recently, down in the pit.

As a future doctor, Chloe is passionate about global health and volunteered over the summer with the not-for-profit organisation, IIMC, providing free holistic health care for the poor, in Kolkata. Chloe too cherished volunteering in a rural Tanzanian hospital in 2015 and enjoyed tutoring primary students in Leonora, through TLG.

## Hamish Newman

*Current course of study: Doctor of Medicine*

*Undergraduate course of study: Bachelor of Science*

---

Hamish graduated as the 121st Captain of Hale School in 2013 and has since completed a Bachelor of Science in Anatomy and Physiology in 2016. He is now in his second year of the Doctor of Medicine course.

Hamish enjoys working in a high-performing environment. After beginning work at Elevate Education in March 2014, Hamish quickly rose to the position of Head Team Leader by January 2015, presenting study-skills seminars in England and South Africa and in-charge of recruiting, training and developing the 25 WA presenters. Whilst completing his undergraduate degree, Hamish also gained qualifications as a Crisis Supporter at Lifeline, multiple Certificates in Fitness where he practised as a personal trainer for two years and was the recipient of the Duke of Edinburgh Gold Award.

Within UWA, Hamish has been the HR Manager for Ignite Mentoring Inc., two-time Coordinator for Teach Learn Grow, Convenor of the 2014 Fogarty Futures Leadership Conference and participated in clubs such as UWADU, Uni Camp for Kids and the UWA rowing club. In 2016 Hamish was the recipient of the Fogarty Foundation Jeremy Cheang Award where he convened the UWA Undergraduate Medical Student Conference.

Along with his studies this year, Hamish is the Pre-Clinical Representative for the UWA Surgical Society, contributing to the running and marketing of surgical skills training for UWA medical students; and hopes to continue his engagements in Lifeline, Uni Camp for Kids and debating.

# Postgraduate 2017

## Harry Smallbone

*Current course of study: Doctor of Medicine*

*Undergraduate course of study: Bachelor of Philosophy, Science*

---

Harry is currently finishing his MD after completing an Honours in Computer Science looking at bone marrow cancer detection. He is researching new ways to use technology in the medical field.

## Emma Boogaerd

*Current Course of Study: Juris Doctor*

*Undergraduate Course of Study: Bachelor of Arts*

---

Emma graduated from Perth Modern School in 2012 and completed her Bachelor of Arts in 2015, undertaking three-month internship in the House of Representatives and while studying in Washington DC. She is currently in her final year of the Juris Doctor degree.

While at university Emma has served on a number of club committees, volunteered through many different organisations, and held elected positions in the Student Guild. In 2015 she was the Women's Affairs Officer and also the Education Council President, the peak student representative on educational issues, in 2016.

Last year Emma was fortunate to complete a semester exchange at Utrecht University in the Netherlands, studying courses in European law and spending her spare time travelling around the region.

This year Emma aims to focus on her studies, while balancing extra-curricular commitments along with part-time and volunteer work, and is beginning the daunting task of applying for graduate jobs!

## Natalie Akl

*Year of Commencement: 2005*

*Course of Study: Bachelor of Medicine and Bachelor of Surgery (MBBS) and Bachelor of Medical Science*

*Employment: Doctor, Sir Charles Gairdner Hospital*

---

Natalie graduated in 2011. Throughout the course of her studies, Natalie was heavily involved in college life at Trinity, both through the Trinity Residents' Club and as a Residential Advisor. In 2009, she spent the academic year in Geraldton as part of the Rural Clinical School.

In 2010 Natalie interrupted her medical studies to undertake a Bachelor of Medical Science (Honours) at the School of Women and Infants' Health at King Edward Memorial Hospital. Her research has been presented at various conferences and published in the Australian and New Zealand Journal of Obstetrics and Gynaecology. Natalie completed her internship at Sir Charles Gairdner Hospital in 2012 and continues working there as a resident medical officer.

## Naomi Altman

*Year of Commencement: 2008*

*Course of Study: Bachelor of Science and Bachelor of Engineering (Honours)*

*Employment: Guidance Navigation and Control (GNC) Systems Engineer, Rocket Lab Ltd*

---

After graduating mid-2013 with first class honours in electrical engineering, Naomi is now working as a Guidance Navigation and Control systems engineer at Rocket Lab, an aerospace company based in Auckland, New Zealand.

While the work in the GNC team is exceptionally diverse, her current focus is the propulsion electronics for the company's new orbital rocket program. The nature of her work means she has set fire to more things in the past months than in the 23 years prior, however she is thoroughly enjoying the fast-paced work environment and the challenge of learning rocket-science on the fly.

While in New Zealand, Naomi has become involved in the local Jewish community, where she teaches in the pre-Barmitzvah education program. She is also trying to capitalise on the natural splendour of New Zealand and has become an enthusiastic diver and tramper (hiker).

## Umberto Anderle

*Course of Study: Bachelor of Science*

*Year of Commencement: 2010*

*Employment: BiblioTech*

*Currently living: London, United Kingdom*

*LinkedIn: <https://www.linkedin.com/in/uanderle/>*

---

Umberto graduated from his engineering degree in 2015 and began full-time work as a consultant in Sydney soon after. Since then, Umberto has moved to London and is currently working at Bibliotech as VP of Product, aiming to make learning materials more affordable and effective. During his time at UWA, Umberto resided at St. George's College and was involved with the Fogarty Scholars association, Teach Learn Grow and UniMentor.

## Hayley Anderson

*Year of Commencement: 2010*

*Course of Study: Bachelor of Medicine and Bachelor of Surgery (MBBS)*

*Employment: Doctor*

---

Hayley completed her medical degree in 2015 and she hopes to continue her studies to become a medical specialist and spend some time working overseas for a broader life experience. She is also interested in improving the field of medicine through research and is starting this with a project involving deep brain stimulation in neurosurgery.

Hayley has a keen interest in music, continuing her previous education with singing and playing classical piano. She is a current member of the Western Australian Medical Students' Society (WAMSS) and hopes to make a difference by taking part in the community events with which WAMSS is concerned, as well as becoming involved in Camp Quality, which helps children with cancer. Hayley has also recently collaborated with a group of like-minded young adults, with the support of Government House, to create a more community-oriented culture in Western Australia.

## Anish Badgeri

*Year of Commencement: 2013*

*Course of study: Bachelor of Philosophy (Honours) and Diploma in Modern Languages*

*Further study: Master of Teaching (Teach For Australia), Australian Catholic University*

*Employment: Teacher, Butler College*

*Currently living: Perth, Australia*

*Contact: [www.linkedin.com/in/anishbadgeri](http://www.linkedin.com/in/anishbadgeri)*

---

Anish completed his BPhil (Hons) and DipModLang from UWA in 2017, with majors in Economics, Political Science & International Relations, and French. He undertook two study abroad experiences to China and Taiwan with assistance from the Australian Government's New Colombo Plan program.

Whilst at UWA Anish was extensively involved with the WA Debating League, including serving as President in 2017. He was also deeply committed to UN Youth Australia, where he volunteered as National Secretary and National Conference Co-Convenor in 2017. He is continuing his involvement with UN Youth Australia this year in his capacity as a Board Director.

From 2018 Anish will be pursuing his passion for educational equality by joining Teach For Australia's Leadership Development Program as an Associate.

## Meluka Bancroft

*Year of Commencement: 2009*

*Course of Study: Bachelor of Laws and Bachelor of Arts*

*Employment: Solicitor, McLeods Solicitors*

---

Meluka graduated from Busselton Senior High School in 2007, recipient of the DUX and Sport Awards. She deferred her double Law Arts degree, spending the majority of 2008 in Europe: working as a nanny for a German family, learning German at language school and travelling. In 2010 Meluka broadened her knowledge of the German culture and language through studying German at the Stuttgart University over the Summer Holidays as part of a UWA language exchange.

In mid-2011 Meluka completed the Arts component, major in Politics, of her degree. In 2012 she commenced a Diploma of Natural Resource Management to complete simultaneously with her law studies, in order to broaden her understanding of the science behind some of the most significant contemporary environmental and economic problems.

Meluka balances her work with several sports, including triathlon, tennis and cross country running (all which she has previously represented Western Australia in) and also swimming and hockey. Meluka has also represented UWA in Unigames cycling. Meluka is a qualified tennis coach and coaches at Bayswater Tennis Club, thoroughly enjoying the fun environment associated with teaching children a sport.

## Regan Bleechmore

*Year of Commencement: 2007*

*Course of Study: Bachelor of Science and Bachelor of Arts*

*Employment: Coordinator, Melbourne University Food Co-operative*

---

Regan has always been interested in people and fascinated by the ways in which people produce and reproduce natures, societies and the cultures that they are a part of. Environmental and social justice, permaculture, power relations, gender identity, queer theory, co-operatives and community building are Regan's particular interest areas. The 20th Century was largely directed by the natural sciences – Regan believes the social sciences must become a greater focus this century.

In 2012 Regan lived in Uppsala (Sweden) and studied sustainable development at CEMUS (Centrum för Miljö och Utvecklingsstudier), Uppsala University. During this time, Regan was a volunteer organiser for the Uppsala Pride Festival, CEMUS Roots, Uppsala Studentkår miljögruppen (student union environment group), Flogsta Matkooperativ (food cooperative) and Kalmar Student Nation and was also involved in the establishment of a queer collective house in the Swedish countryside.

After graduating in 2012 Regan moved to Melbourne and now works as a coordinator at the Melbourne University Food Co-operative, a collectively-run not-for-profit cafe and organic bulk food store established in 1976. Currently training as a sustainability coach and volunteering as a mentor for LGBTQ high school students, Regan continues to be immersed in community resilience projects.

## Calum Braham

*Year of Commencement: 2012*

*Course of study: Bachelor of Philosophy (Honours)*

*Further study: Doctor of Philosophy in Applied Mathematics  
at Oxford University*

---

Calum began his studies at UWA in 2012 after graduating as Dux of Trinity College and recipient of the 2011 Beazley Medal. In 2015 he finished his Bachelor of Philosophy degree, winning the J. A. Wood Memorial Prize. He completed honours in applied mathematics, with a thesis analysing the passing strategies of Australian football teams using complex network methods, for which he won the inaugural Dr Vincent Harry Cooper Memorial Prize.

In 2018, Calum completed studies of a Master of Philosophy at UWA in applied mathematics, researching the mathematical modelling of systems of particles undergoing aggregation and fragmentation. Calum was awarded the 2018 Rhodes Scholarship to further his studies abroad.

During his time at UWA, Calum volunteered with Teach Learn Grow and the WA University Consultants. He spent a semester on exchange at University College London in 2013 and competed in the 2015 Australian National Championships of Ultimate Frisbee.

Calum is both a member and the treasurer of the chamber choir Voyces. Since he joined in 2012, the choir has been on tours to Melbourne, Brisbane and Hobart and recently released their self-titled debut album. Through Voyces, Calum has also performed as a back-up singer for Adele and at the PIAF opening concert.

## Jane Bromley

*Year of Commencement: 2012/2015*

*Course of study: Doctor of Medicine (from Bachelor of Science)*

*Contact: bromleyjane0406@gmail.com*

---

Jane is currently in her final year of the Doctor of Medicine, having graduated from Bunbury SHS in 2010 and completed her Bachelor of Science in 2014.

Over the past six years, Jane has been involved in the Western Australian Medical Students' Society (WAMSS), Interhealth (WAMSS's global health group), the UWA Student Guild, Perth International, Teach Learn Grow, the UWA Netball Club, and the St George's College Club committee whilst she was a resident there. She also studied abroad at the University of Illinois in 2014.

Jane spent 2017 in the remote town of Derby through the Rural Clinical School where she was exposed to the many challenges facing remote medicine and Indigenous health. Highlights of the year included flights with the RFDS, exploring the magnificent Kimberley countryside, and joining the volunteer firefighters! Jane is also working on a research project investigating child development in Derby. She would like to thank the Fogarty Foundation for their support throughout her time at UWA.

## Karen Bromley

*Year of Commencement: 2012/2015*

*Course of study: Doctor of Medicine (from Bachelor of Science)*

*Contact: [karenebromley@gmail.com](mailto:karenebromley@gmail.com)*

---

2017 was a very interesting, exciting year for Karen as she undertook the third year of her Doctor of Medicine on the Rural Clinical School in Port Hedland. This involved her doing placement for the year in Hedland and other communities throughout the Pilbara. Whilst up there, she volunteered for Fairgame, a charity in which she visited local communities to teach children about healthy eating and active lifestyles; and was an active member of the local netball club.

Karen began 2018 with a medical placement in Central America to learn about a different healthcare system, before returning to Perth to complete the final year of her degree. She is unsure where her future career will head at this stage, but is planning to take it in a direction that allows her to do Rural/Remote work and work in Aboriginal Health.

## Georgie Carey

*Year of commencement: 2014*

*Course of study: Bachelor of Commerce (Honours) majoring in Marketing and Management*

*Contact: [www.linkedin.com/in/georgiecarey/](http://www.linkedin.com/in/georgiecarey/)*

---

After graduating from Methodist Ladies' College in 2013, Georgie commenced her studies at UWA studying a Bachelor of Commerce. She is currently undertaking her Honours in Marketing with a research focus on social entrepreneurship.

A passionate advocate for youth empowerment, Georgie was appointed WA National Youth Week Ambassador in 2016 and has recently been re-elected as a Board Director for the Youth Affairs Council of WA. Georgie also has a keen interest in social enterprise and served as the President of Enactus UWA in 2017, UWA's social impact student society. Here, she helped to create uneARThed, a social enterprise which aims to break stigma of homelessness by empowering homeless artists to share their stories and art. From these experiences, Georgie was also selected to represent UWA at the Enactus National Competition, where her team placed 3rd in Australia.

As an active member of her community, Georgie was elected as to serve as a councillor for the Town of Mosman Park in 2017; making her one of the youngest female councillors in WA.

In 2019, after finishing her undergraduate studies, Georgie looks forward to delving further into community leadership and advisory roles.

## Indyana Chambers Galloway

*Year of commencement: 2013*

*Course of Study: Bachelor of Arts majoring in Political Science  
& International Relations and Chinese*

---

Indyana graduated as Dux and Head Girl of Geraldton Grammar School in 2011. She then took a gap year working a number of different jobs and travelling in Europe as sound technician for a circus tour. In January and February 2014 she ran the social media campaign for the Western Australian Circus Festival and worked as an intern for the Emergence Creative festival in Margaret River.

Indyana majored in Political Science and International Relations and Chinese. She enjoyed these majors as they allowed her to develop her passion for international affairs – particularly the Asia-Pacific region. Since commencing university, she has taken a keen interest in her Chinese studies.

When not studying Indyana is a keen aerialist and trains at the Western Australian Circus School. She has a strong interest in social justice, leading her to volunteer for causes such as the Red Cross and Amnesty International.

## Raymond Chester-Wallis

*Year of Commencement: 2005*

*Course of Study: Bachelor of Laws (Honours)  
and Bachelor of Commerce*

*Employment: Solicitor, State Solicitors' Office*

---

Raymond Chester-Wallis completed his Bachelor of Laws (with First Class Honours) and Bachelor of Commerce (with Distinction) in 2011. He ranked second in his Law cohort in 2011 and received a Jean Rogerson Prize for this accomplishment. In 2012 and 2013 he worked at the State Solicitor's Office and in 2013 was admitted as a Solicitor and Barrister of the Supreme Court of Western Australia.

## Yita Choong

*Year of Commencement: 2008*

*Course of Study: Bachelor of Commerce and Bachelor of Engineering*

*Employment: Graduate Electrical Engineer, Jacobs SKM*

---

Yita graduated from UWA in 2012 with first class honours (engineering). He is currently enjoying the challenges of his graduate program at Jacobs SKM, while working towards his CPEng accreditation from Engineers Australia. Yita is also a member of his company's Graduate Development Committee, where his responsibilities include representing the interests of graduates within his section and improving the visibility of graduates throughout the company.

Outside of work, Yita has maintained his keen interest in chess and has joined the state association's (CAWA) Council, which serves to organise state-wide competitions and promote the game to people of all ages. In addition, Yita has recently volunteered to serve on the organising committee for the Perth Relay for Life. In his role as sponsorship coordinator, he is actively seeking support from organisations to achieve a fundraising target of \$700,000 for the Cancer Council of WA.

## Harmony Clayton

*Year of Commencement: 2006*

*Course of Study: Bachelor of Science (Honours)*

*Further Study: PhD in Plant Molecular Biology, UWA*

---

After completing a Bachelor of Science majoring in Genetics and Biochemistry (Honours), Harmony embarked on a PhD in plant molecular biology at UWA. In 2014 she completed her research on the molecular evolution of specialised photosynthesis in Australian native grasses. Outside of her studies, Harmony is a keen musician and remains strongly involved her local community orchestra, Hills Symphony Orchestra as a violinist and member of the organisational committee.

## Stephanie Clugston

*Year of Commencement: 2011*

*Course of Study: Bachelor of Medicine and Bachelor of Surgery (MBBS)*

*Further study: PhD in Astronomy & Astrophysics at The Australian National University*

*Employment: Fiona Stanley Hospital*

*LinkedIn: [www.linkedin.com/in/stephanie-clugston-45a3a7133](https://www.linkedin.com/in/stephanie-clugston-45a3a7133)*

---

Stephanie graduated from UWA in 2012 having completed a Bachelor of Medicine and Bachelor of Surgery with Honours. Since beginning her medical career at Royal Perth Hospital she has undertaken rural secondments in the Pilbara and the South West of Western Australia. This permitted her to engage further in Indigenous health, about which she has a focus and passion. Stephanie is currently working at Fiona Stanley Hospital in Perth. In 2019 Stephanie has embraced a new and exciting challenge, commencing advanced training in Haematology with the Royal Australian College of Physicians and the Royal College of Pathologists of Australasia. Outside of work Stephanie continues to enjoy the study of languages, sport and spending time with family and friends.

## Sarah Cole

*Year of Commencement: 2011*

*Course of Study: Bachelor of Medicine and Bachelor of Surgery (MBBS)*

*Further study: PhD in Astronomy & Astrophysics at The Australian National University*

*Employment: Charles Gairdner Hospital*

---

Sarah completed her medical degree in 2016, and has since been working as a junior doctor at Sir Charles Gairdner Hospital. She has an interest in internal medicine and this year has commenced the Basic Physician Training program through the Royal Australasian College of Physicians. She hopes to complete this program in the next few years and then progress onto Advanced Training, though is not sure of her speciality yet.

She had an exciting 2018 that saw her travel to Liverpool, United Kingdom, and complete a Diploma of Tropical Medicine and Hygiene at the Liverpool School of Tropical Medicine. She hopes that this study will be useful in future medical work that she hopes to undertake in resource-limited and remote settings in Australia and abroad, in the future.

In her spare time, Sarah continues to sing with Voyces, a WA-based choir that specialises in contemporary classical choral music, particularly that of Australian composers.

## Jeremy Cowcher

*Year of Commencement: 2005*

*Course of Study: Bachelor of Commerce*

*Further study: MBA Columbia Business School, USA*

*Employment: McKinsey and Co, New York*

*LinkedIn: <https://www.linkedin.com/in/jeremycowcher/>*

---

After graduating from UWA, Jeremy spent two years in the Perth office of King & Wood Mallesons as a lawyer in the Mergers and Acquisitions team where he focused on public and private company transactions.

After a short time in retail and property development, Jeremy took up a position with McKinsey & Company in Sydney. During his two years with McKinsey in Sydney, Jeremy worked on projects in many industries, including mining, retail and banking. Jeremy also spent a year in the Chicago office where he focused on supply chain and operations work.

Jeremy then attended Columbia Business School and graduated with an MBA in the middle of 2018. He has returned to McKinsey in the New York office where he is focusing on digital projects across all industries.

## Matthew Cowcher

*Year of Commencement: 2006*

*Course of study: Bachelor of Laws (First Class Honours) and Bachelor of Commerce*

*Employment: Associate, Davis Polk & Wardwell LLP*

*Currently living: New York, US*

---

Matthew graduated from UWA in 2011 with a Bachelor of Laws (First Class Honours) and Bachelor of Commerce. His Honours dissertation focused on the enforcement of directors' duties by the Australian Securities and Investments Commission.

Matthew spent a few years working at King & Wood Mallesons in the Sydney and Perth offices before accepting a position at Davis Polk & Wardwell LLP. He is now an Associate in their New York office, having been admitted to the New York Bar in early 2018.

## Julia Crandell

*Year of Commencement: 2010*

*Course of Study: Bachelor of Arts and Bachelor of Laws*

---

Julia is particularly interested in human rights, which was the focus of her honours thesis in law. She received a Jean Rogerson Honours Studentship for being amongst the highest qualifying students for entry into the law honours program.

Julia is also active in the youth not-for-profit space in Perth, having been the President of UN Youth WA in 2012-13 and Ignite Mentoring in 2015. Her commitment to these organisations is evidence of her strong passion for youth empowerment and education. She is also driven by a desire to experience different cultures and ways of life, which was particularly kindled during her year of exchange at the University of Copenhagen, Denmark.

## Katherine Dellar

*Year of Commencement: 2006*

*Course of study: Bachelor of Laws (Honours) and Bachelor of Arts (Honours)*

*Employment: Diplomat, Department of Foreign Affairs and Trade*

*Currently living: Geneva, Switzerland*

---

Katherine is currently undertaking a posting to Geneva, Switzerland with the Department of Foreign Affairs and Trade (DFAT), representing Australia in the World Trade Organization (WTO). Among other things, her role involves leading negotiations for an agreement between all WTO nations to restrict the subsidies provided to their fishing industries, in an effort to curb overfishing.

After finishing her studies on exchange in Montreal, Canada in 2012, Katherine hiked 1900km on the Appalachian Trail in the United States, then road-tripped around the US, Mexico and Colombia. She worked as an Associate in the Court of Appeal of Western Australia in 2013, before moving to Canberra in 2014 to join DFAT. While in Canberra she represented the ACT in Women's AFL, but has now turned her attention to becoming a triple-threat of winter sports, using the proximity of the Alps to master skiing, cross-country skiing and snowboarding.

## Leela Dilkes-Hoffman

*Year of Commencement: 2011*

*Course of study: Bachelor of Science (Honours)*

*Further study: PhD in Chemical Engineering, University of Queensland*

*Currently living: Brisbane, Australia*

*Contact: [leela\\_dh@inet.net.au](mailto:leela_dh@inet.net.au)*

---

Leela grew up in the bushland of Margaret River, WA and this is the foundation for her appreciation of the natural environment. In 2014 she completed a Bachelor of Science (Honours) in Chemistry and Biochemistry supported by a Fogarty Foundation Regional Scholarship. She loved the hands-on research aspect and graduated valedictorian of her course. She then spent a year working with Scitech as an Outreach science presenter traveling to remote communities in WA and sharing her passion for science.

Leela's core interest lies in how to develop an environmentally sustainable society that is compatible with our modern lifestyle, so in 2016 Leela decided to pursue this interest further through a PhD. She is currently undertaking her PhD at UQ in chemical engineering. Her research focuses on the materials development and sustainability analysis of biodegradable food packaging. To support her in this endeavour she was awarded a Westpac Future Leaders Scholarship.

## Breanna Dixon

*Year of Commencement: 2014*

*Course of study: Bachelor of Philosophy (Honours)*

---

Breanna graduated as Dux of Bunbury Cathedral Grammar School in 2013 with a course exhibition in Human Biological Science. She is currently studying Biochemistry and Neuroscience under the Bachelor of Philosophy degree program.

Breanna was involved in both the Bachelor of Philosophy and Fogarty Scholars' Association programs and volunteered in Meekatharra for Teach Learn Grow which is a trip she always look forward to. She has also spent time volunteering at the evacuation centre during the horrific southwest bushfires and found it very fulfilling to be able to utilise the qualifications she had and put them to good use.

In 2016 Breanna travelled to Boston on university exchange for six months. She had an incredible experience and found it wonderful to experience university in another country where it is run so differently. Travelling both before and after was phenomenal and allowed her to see so much of the country that she called home for the semester.

## Michael Douglas

*Year of Commencement: 2005*

*Course of study: Bachelor of Arts (Honours) and Bachelor of Laws*

*Further study: Masters of Business Administration (Distinction), Master of Laws (Distinction), UWA, Doctor of Philosophy (current), Sydney*

*Employment: Senior Lecturer, UWA Law School*

*Currently living: Perth, Australia*

*Contact: [www.linkedin.com/in/mdouglas1/](http://www.linkedin.com/in/mdouglas1/)*

---

Michael is a Senior Lecturer at UWA Law School and a Consultant at Bennett + Co within the firm's commercial litigation and dispute resolution practice. He is an Associate of the Centre for Media and Communications Law at Melbourne Law School, editor of the Media and Arts Law Review, and reporter for the New South Wales Law Reports. Prior to joining UWA, he taught at Sydney Law School.

Michael specialises in private international law (AKA conflict of laws) and is particularly interested in cross-border media law problems. His PhD is supervised by David Rolph and William Gummow. Michael also holds an LLM(Dist) and an MBA(Dist) from UWA. He attended Newton Moore Senior High School in Bunbury and later served as chair of the school board for four years.

## Katherine Dumas

*Year of commencement: 2018*

*Course of study: Bachelor of Biomedical Science majoring in Physiology and Sport Science with Assured Pathway to Pharmacology*

*Contact: kathh11@icloud.com*

---

Katherine graduated from Perth Modern School in 2017, achieving a 50+ hours of community service ambassadors award. During her schooling career, Katherine was heavily involved in sports and community service. In 2016, she coordinated a team which fundraised hundreds of dollars towards the cancer council's annual 'Relay For Life' event. She also represented Perth Modern in several interschool events, including swimming, hockey, sailing and netball.

Outside of school, Katherine dedicates many hours towards her local youth as a leader for the MPUC youth group. In addition, she is involved in multiple sporting clubs, including hockey, tennis, social netball at UWA, and both national and state level sailing. She is an accredited umpire for West Australian hockey and umpires the junior teams weekly.

In 2019 Katherine has moved to complete her medical degree in South Australia.

## Joshua Dunne

*Year of Commencement: 2015*

*Course of Study: Bachelor of Philosophy*

*Further study: Fullbright Scholarship recipient for postgraduate studies to USA*

---

Joshua begins 2019 having graduated with a Bachelor of Philosophy (Honours First Class) from The University of Western Australia and having been awarded a Fulbright Scholarship to complete two years of postgraduate study in the United States, beginning in the second half of 2019. At present, Joshua has applied to a number of universities in the North-East of the United States, but is still in the process of weighing his options before making his choice of university.

In his remaining time in Australia, Joshua continues in his staff role as a Study Abroad Assistant within the UWA Global Learning Office, providing advice and support to both UWA students eager to study at Host Universities around the world as well as foreign students undertaking study at UWA. He is serving a final term as Co-Principal Double Bass of the Western Australian Youth Orchestra and performing two seasons with WA-youth choir Voyces.

## Thomas Durkin

*Year of Commencement: 2015*

*Course of Study: Juris Doctor*

*Further study: Graduate Diploma of Broadcasting,  
Edith Cowan University*

*LinkedIn: [www.linkedin.com/in/tom-durkin-057067142](https://www.linkedin.com/in/tom-durkin-057067142)*

Tom completed his studies for the Juris Doctor in 2018. Previously, Tom completed a Bachelor of Commerce majoring in Economics and Political Science & International Relations.

Over the three years of his undergraduate degree, Tom worked with Ignite Mentoring as General Manager, and volunteered as a classroom mentor. Tom also acted as Pre-Law Director of the Blackstone Law Society and Vice-President of the UWA Debating Union. Currently, Tom volunteers with the Freedom Centre to provide peer support and a safe space for young LGBTIQ people.

Tom is an avid traveller and studied sustainable business practices and the foreign policy of the European Union at the Copenhagen Business School. In 2016, Tom visited the University of Oslo for a semester to study public international law.

Tom is currently enrolled in the Graduate Diploma of Broadcasting at Edith Cowan University, and is looking forward to starting a career in the media industry.

## Jee-Yun Elston (née Leung)

*Year of Commencement: 2007*

*Course of Study: Bachelor of Dental Science (Honours)*

*Further Study: Master of Science (Special Care Dentistry), Eastman Dental Institute – University College London; Doctor of Clinical Dentistry (Special Needs Dentistry), University of Adelaide*

*Employment: Registrar, Adelaide Dental Hospital*

---

Jee-Yun graduated with Honours in 2012. During university she served on various dental committees, was awarded several prizes for academic achievement, and volunteered for the Australian Red Cross working with children with special needs. This sparked her passion for tackling the health inequalities faced by those living with special needs.

Since graduation, Jee-Yun combined this passion and her profession by working in a community clinic dedicated to intellectual disabilities, overseeing final-year UWA dental students on their aged-care placements, and working at Fiona Stanley Hospital managing medically complex patients. She received an Australian Dental Research Foundation grant for research into oral health delivery systems for people with special needs.

In 2018, Jee-Yun completed a Masters in Special Care Dentistry at London's prestigious Eastman Dental Institute. She is currently a specialty training registrar at the Adelaide Dental Hospital, and hopes to one day become a pioneer of Special Needs Dentistry in WA.

## Kate Fitzgerald

*Year of Commencement: 2010*

*Course of study: Bachelor of Engineering and Bachelor of Economics*

*Employment: Bain & Company*

*Contact: [kate.fitzgerald.01@gmail.com](mailto:kate.fitzgerald.01@gmail.com)*

---

Kate graduated from UWA in 2015 with a Bachelor of Engineering (Civil) and Bachelor of Economics. At UWA she was involved in UWA Relay for Life, TLG, UWA Basketball Club and EWB. She completed an exchange to the University of Vermont and competed in their Varsity Track & Field team. She also studied at the London School of Economics (for a summer session). Kate completed internships at the Frontier Centre for Public Policy in Winnipeg and in the Geotechnical Engineering team at Woodside.

After graduating, Kate joined Bain & Company as an Associate Consultant. She has been working on cases in a range of industries across Australia, and New Zealand. At Bain, Kate is also involved with recruiting, mentoring university students on their pro bono cases and became the Perth representative for Women at Bain last year. She continues to play basketball whenever she is back in Perth.

## Imogen Forbes-Macphail

*Year of Commencement: 2009*

*Course of Study: Bachelor of Arts (Honours)*

*Further Study: PhD in English Literature, University of California, Berkeley*

---

Imogen Forbes-Macphail is currently completing a PhD in English Literature at the University of California, Berkeley. Her current academic work focuses on the relationship between literature and mathematics in nineteenth-century Britain. Recent articles include “‘I shall in due time be a poet’: Ada Lovelace’s Poetical Science in its Literary Context”; ‘The Enchantress of Numbers and the Magic Noose of Poetry: Literature, Mathematics and Mysticism in the Nineteenth Century’; and “‘Cinquefoil Token’: Infinitesimal Calculus and The Wreck of the Deutschland’. She is currently a coordinator of the literature and digital humanities working group at UC Berkeley.

In 2016 she completed an MPhil at the University of Cambridge on Medieval literature, with a dissertation focusing on fifteenth-century variations on the Chaucerian dream-vision tradition.

## Jemma Ford

*Year of Commencement: 2009*

*Course of Study: Bachelor of Medicine and Bachelor of Surgery (MBBS)*

*Employment: Doctor, Sir Charles Gairdner Hospital*

---

Jemma completed her medical degree in 2015. In her penultimate year Jemma studied with the rural clinical school of WA (RCSWA) in Esperance. She thought this was a fantastic opportunity to experience rural medicine first hand as well as get involved in a small country community! In 2013 Jemma took some time off her studies to broaden her horizons and travel the world. This included a fascinating stint of work experience in a tertiary hospital in central Sri Lanka and a three month summer job working as a camp counsellor and ocean life guard at a kids surfing camp just out of San Diego, California.

Outside study, Jemma's interests lie largely in surf lifesaving both as a volunteer organisation and competitive sport. She is a member of North Cottesloe Surf Life Saving Club.

## Nicholas Gilbert

*Year of Commencement: 2007*

*Course of Study: Bachelor of Medicine and  
Bachelor of Surgery (MBBS)*

*Further Study: Masters of Public Health and Tropical Medicine,  
James Cook University*

*Employment: Doctor*

---

Nicholas has been working as a medical doctor across Western Australia since he graduated from UWA in 2013 with a Bachelor of Medicine and Bachelor of Surgery. He is passionate about Aboriginal Health, rural medicine and public health and in 2015 was awarded WA Junior Doctor of the Year for his commitment to clinical service improvement, medical education and provision of medical care. Nicholas is currently completing a Masters of Public Health and Tropical Medicine at James Cook University and has begun General Practice training. He hopes to develop a career that incorporates providing holistic longitudinal primary care to individuals and broader public health strategy facilitating good health to marginalised populations.

## Matthew Goyder

*Year of Commencement: 2011*

*Course of study: Bachelor of Laws and Bachelor of Commerce*

*Employment: Macquarie Capital*

---

Matthew graduated as Vice-Captain of Scotch College in 2010, his results earning him a General Exhibition, Course Exhibition for Modern History and certificates of distinction in Modern History and Economics.

Matthew completed his Bachelor of Commerce in 2015 and his Bachelor of Laws degree in 2016. Matthew will be started as a graduate with Macquarie Capital in 2017. Matthew spent the second half of 2016 on exchange at Queen's university in Canada.

Outside of the academic world he is a strong sportsperson. He has played over 30 WAFL games for the Claremont Tigers and has played in the national Foxtel Cup competition. In 2016 Matthew represented Western Australia as captain of the State Under 23's WAAFL football side.

Matthew recently finished a two-year term as Legal Officer of Teach Learn Grow and is also involved as a volunteer with the Western Australian University Consultants.

## Kyle Hoath

*Year of Commencement: 2005*

*Course of study: Bachelor of Medicine and Bachelor of Surgery (MBBS)*

*Further study: Fellowship with The Royal Australian and New Zealand College of Psychiatrists (FRANZCP)*

*Employment: Consultant Psychiatrist – Rockingham Hospital*

*Private Psychiatrist – The Marian Centre*

*Currently living: Perth*

*Contact: [kyle.hoath@gmail.com](mailto:kyle.hoath@gmail.com)*

---

In 2010 Kyle completed his studies at The University of Western Australia. In his time at UWA he had the honour of representing the Fogarty Foundation students as the inaugural President of the Fogarty Scholars' Association.

Since completing his studies Kyle has pursued a career as a Psychiatrist. After entering the Royal Australian and New Zealand College of Psychiatrists training program in 2012 Kyle gained his Fellowship in the beginning of 2018 and has begun work as a Consultant Psychiatrist, holding positions in both the public and private sector.

Apart from work and ongoing study, Kyle also enjoys kite surfing, golf, hockey and most importantly spending time with his wife and children.

## Benjamin Hogan

*Year of Commencement: 2008*

*Course of Study: Bachelor of Arts*

---

Ben completed his Arts degree in 2014. In conjunction with his UWA studies, Ben studied a Bachelor of Creative Industries majoring in Screen Studies and the WA Screen Academy at ECU. Ben is a jazz enthusiast and was treasurer of the UWA Jazz Club and has worked to promote practical jazz education on campus. Ben is pursuing a career in volunteering coordination.

## Jonathan Israel

*Course of Study: Bachelor of Commerce*

*Year of Commencement: 2013*

*Employment: McKinsey and Co*

*LinkedIn: <https://www.linkedin.com/in/jonathan-israel-9a618884/>*

---

Jonathan graduated from Perth Modern School in 2012 and studied

Physics, Economics and a rough scattering of arts units while at UWA. Jonathan received First Class Honours in his thesis, writing about the impact of frontier technologies on the Australian economy.

While at UWA, Jonathan studied overseas in Israel, China, the USA, the UK and Denmark, and was an active member of the UWA community. He was both the Treasurer and the President of the FSA and greatly enjoyed his interactions with other scholars, as well as leading on the Fogarty Futures Conference.

Jonathan was heavily involved in debating and MUN, and, between finance and research internships, worked with the Science Union, Student Guild Physics Society and Perth International, a range of external youth movements and a number of social sport teams.

He is now working as a consultant for McKinsey & Company, with experience developing and executing strategy across the telecommunications, mining, oil & gas, agriculture and energy sectors. In his spare time, Jonathan enjoys travelling, reading, theatre and musicals, good coffee and terribly lame jokes. Feel free to hit him up!

## Bharath Iyer

*Year of Commencement: 2008*

*Course of Study: Bachelor of Laws (Honours) and Bachelor of Arts*

*Employment: Associate, Boston Consulting Group*

---

During his six years at UWA, Baz was involved in a range of activities – including debating at national and international model UN events, being involved with UN Youth and Blackstone committees, going on exchange to UBC in Vancouver and volunteering with Curtin Volunteers, Uni Camp for Kids and Teach Learn Grow. Bharath completed his Law Honours thesis in 2012, was the CFO of Teach Learn Grow in the 2012-2013 FY, the President of the Fogarty Scholars Association in 2013 and co-founded (with a couple of other Fogarty Scholars) youth entrepreneurship group Profectus. In his spare time he enjoys reading, creating art, playing the ukulele and learning new things such as coding. After a fulfilling time at UWA, he is looking forward to all the travels, new experiences and learning that a working life can provide.

## Binu Jayawardena

*Year of Commencement: 2009*

*Course of study: Bachelor of Medicine and Bachelor of Surgery (MBBS)  
(First Class Honours) and Bachelor of Medical Science*

*Employment: Psychiatry Registrar, Sir Charles Gairdner Hospital*

*Currently living: Perth, Australia*

*Contact: [binu.jayawardena@uwa.edu.au](mailto:binu.jayawardena@uwa.edu.au)*

*<https://au.linkedin.com/in/binujayawardena>*

---

Binu graduated as Vice-Captain and 94th Dux of Hale School in 2008 and was the 25th recipient of the Beazley Medal. He graduated from UWA with a Bachelor of Medicine, Surgery and Medical Science with First Class Honours in 2015. He is on leave from Harvard University where he is pursuing undergraduate studies in Biomedical Engineering. Now a Psychiatry Registrar at Sir Charles Gairdner Hospital specializing in treatment resistant anxiety and mood disorders, he is currently pursuing a broad range of research interests including electroconvulsive therapy, CYP450 genotyping and RCTs for new treatments in social anxiety and major depression.

Previously the Deputy Chief Executive of Teach Learn Grow, he later co-founded WASTV Inc., Australia's first nonprofit online media network for which he won the WA Youth Award for Community Leadership in 2014 and was a finalist in the National Youth Awards in 2015. Binu is also an accomplished film-maker. His productions have been screened in over 130 countries. In recognition of his services to the field of media, he was nominated for the Pride of Australia Medal in 2013.

## Thisuri Jayawardena

*Year of Commencement: 2015*

*Course of Study: Doctor of Medicine*

*Employment: Charles Gairdner Hospital*

*LinkedIn: [www.linkedin.com/in/thisurijayawardena](http://www.linkedin.com/in/thisurijayawardena)*

---

Thisuri graduated as Dux of St Mary's Anglican Girls' School in 2008 and completed her Bachelor of Science and postgraduate medical degrees at UWA. She is now an intern at Sir Charles Gairdner Hospital and is enjoying the challenges of caring for patients.

In 2018, Thisuri completed a research project with the Australian Red Cross Blood Service modelling the risk of transfusion-transmitted infections. As a medical student she undertook a four-week elective at a rural hospital in Vanuatu. She was awarded an MD with Distinction and the Navaretnam Memorial Prize in Microbiology by the Faculty of Medicine.

While at UWA, Thisuri also enjoyed volunteering with Teach Learn Grow Inc and the UWA Fogarty Scholars Association. She continues to be involved with WASTV Inc, a volunteer-run media organisation that creates pro bono videos for non-profits.

In her spare time, Thisuri can be found hiking, running or immersed in a novel.

## Ian Grey Johnston

*Year of Commencement: 2006*

*Course of Study: Bachelor of Engineering (Civil) and Bachelor of Economics*

*Further Study: MPhil Economics, University of Oxford*

*Employment: Analyst, Business Development, Wesfarmers*

---

Grey had a wonderful five years at UWA and St George's College, completing a double degree in Civil Engineering and Economics. Subsequent to this, he spent two years at the University of Oxford, completing an Master's degree in Economics. Returning to Perth, he joined the Wesfarmers Business Development team and kept up his relationship with the University, playing for the University Cricket Club. He worked on a number of successful projects at Wesfarmers, most notably Bunnings' expansion into the UK and Ireland, which led to him taking on a permanent role in the UK heading up the Bunnings UK & Ireland Business Development team. He is enjoying living in Primrose Hill and loves keeping in touch with friends from UWA and St George's College.

## Emma Jones

*Year of Commencement: 2011*

*Course of study: Bachelor of Medicine and Bachelor of Surgery (MBBS)*

*Employment: Medical Intern, Sir Charles Gairdner Hospital and Geraldton Regional Hospital*

---

Emma graduated from UWA with Bachelor of Medicine Bachelor of Surgery with honours in 2016. She is currently working as an intern at Sir Charles Gairdner Hospital and the Geraldton Regional Hospital. She is a member of Doctors for the Environment Australia and Doctors for Refugees. In 2017 she was one of the co-convenors for the WA Health, Energy and Climate Change Symposium. She is also a panel review member for MedEdPublish, an online journal in medical education.

Her interests include environmental sustainability, rural and remote medicine, medical education and cycling.

## Fergus Kavanagh

*Year of Commencement: 2004*

*Employment: Professional Hockey Player*

*Course of Study: Bachelor of Engineering and Bachelor of Commerce*

---

After completing his degree in 2012 Fergus has been primarily focused on his hockey career. 2014 was a very successful year, with Fergus winning his second World Cup and second Commonwealth Games gold medal with the Australian team. Fergus is currently living in Amsterdam playing hockey in the Dutch league and also based in India for one month a year competing for an Indian franchise team. Fergus is also working for a Dutch company producing renewable energy from tidal, river and ocean sources.

## Darren Kirke

*Year of Commencement: 2006*

*Course of Study: Bachelor of Laws and Bachelor of Commerce*

*Employment: UBS Investment Bank*

---

Darren undertook his Law and Commerce degrees at UWA as a Fogarty Scholar from 2006-2010. He is now a Director in the Mergers and Acquisitions group at UBS Investment Bank in New York. Prior to moving to the United States, Darren worked with UBS in Sydney for six years, focusing on M&A and capital markets transactions for clients in the metals & mining, oil & gas, transport & logistics and industrial sectors.

Darren is a past president of the Fogarty Scholars Association and while undertaking his studies, founded the Finance Association of Western Australia (FAWA), now one of the most recognised student societies on campus and the premier student body for UWA students considering a career in finance. Prior to studying at UWA, Darren spent a year on a Rotary Exchange Scholarship in Bordeaux, France after completing high school at Frederick Irwin School in Mandurah, south of Perth.

## Justin Kruger

*Year of Commencement: 2010*

*Course of Study: Bachelor of Science*

*Further study: PhD in Aerospace Engineering, Stanford University, USA*

*Employment: NASA Space Rendezvous Lab*

*LinkedIn: [linkedin.com/in/justin-kruger-a10771b7/](https://www.linkedin.com/in/justin-kruger-a10771b7/)*

---

Justin graduated from UWA with First Class Honours in Mechatronics and Physics (2016). He is now undertaking a PhD in Aerospace Engineering at Stanford University (USA), pursuing a long-held passion for space exploration. At Stanford, Justin works with the Space Rendezvous Lab, primarily developing navigation systems for NASA's 2020 Starling mission. He also recently completed a research project at the NASA Ames Research Center, investigating control systems for planetary rovers. Justin is a strong believer in the potential and importance of Australia's rapidly-growing space industry, and hopes to support and increase our future involvement in space.

Justin contributed to a number of volunteer programs while at UWA, and previously oversaw the academic tutoring program at St George's College. He now works with several educational outreach organisations including Stanford Splash, Science Penpals and FAST. Justin also loves creative writing and hopes to publish a novel or two in between building spaceships.

## Rebecca Lawrence

*Year of Commencement: 2013*

*Course of study: Bachelor of Philosophy (Honours)*

---

In 2017, Rebecca returned from an 18 month stint in Asia with the Australian Government New Colombo Plan Scholarship Program. This program afforded Rebecca the opportunity to study in Yogyakarta, Indonesia, for a semester of cultural exchange before undertaking internships at National Australia Bank in Singapore and QBE Insurance in Hong Kong.

Rebecca then went on to complete her Honours degree in Economics, focusing on ways to measure economic welfare in different countries around the world.

## Rachel Lee

*Year of Commencement: 2009*

*Course of Study: Bachelor of Laws and Bachelor of Arts (Honours)*

*Employment: Lawyer*

---

Rachel graduated in 2014 from her Law/Arts degree. In 2013 she studied International Relations and pursued her love of painting at Boston College, Massachusetts until June and then did a semester of Law in the United Kingdom. In her time at UWA she engaged with social justice organisations including as National Program Manager of the Oaktree Foundation Schools4Schools Program in 2011, Chair of the UWA Guild Council and Statutes in 2011 and Equity and Social Justice Vice President of the UWA Blackstone Law Society in 2012. She also interned for 12 months at the WA Equal Opportunity Commission. Her most exciting memories from these roles are visiting Oaktree's teacher training project in Yangis, Papua New Guinea, to look at ways to enhance the project and overseeing the consolidation of the 'Blackstone Volunteering' program which connects UWA law students with community and legal volunteering opportunities.

Rachel is now working as a commercial lawyer at Herbert Smith Freehills, in Perth and hopes to continue to advocate for social justice issues, especially access to education and legal services.

## Jordan Lockhart

*Year of Commencement: 2013*

*Course of study: Bachelor of Philosophy (First Class Honours) and Diploma in Modern Languages*

*Employment: Associate, The Boston Consulting Group*

*Currently living: Perth, Australia*

*Contact: [www.linkedin.com/in/jordan-lockhart-493977122/](http://www.linkedin.com/in/jordan-lockhart-493977122/)*

*[Lockhart.Jordan@bcg.com](mailto:Lockhart.Jordan@bcg.com)*

---

Jordan graduated in 2016 with a Bachelor of Philosophy with First Class Honours, in addition to a Diploma in Modern Languages. He was the 2016 recipient of UWA's Dr Vincent Harry Cooper Memorial Prize, awarded to the BPhil(Hons) graduate submitting the finest dissertation.

During his time at university, Jordan led a number of initiatives to expand educational opportunities available to WA students. He created an innovative public speaking competition that grew into the state's largest, was the Co-Convenor of UN Youth Australia's National Conference, and developed and implemented an exciting new humanities curriculum for Christmas Island District High School. Having grown up in regional WA, Jordan continues to be passionate about mitigating educational inequality between rural and metropolitan students.

Jordan now works as an Associate in the Perth office of the Boston Consulting Group, with experience developing corporate strategy across the telecommunications, mining and agriculture sectors.

## Brooke Loneragan

*Year of Commencement: 2013*

*Course of Study: Bachelor of Science*

*Employment: Research Assistant and Tutor, The University of Western Australia*

---

Brooke has recently graduated from UWA with a Bachelor of Science – majors in Mathematics and Economics – and an Honours in Economics. Brooke received the top score in Economics Honours, her dissertation exploring what drives sudden surges in migration between two countries. She is currently working for the university towards turning her dissertation into a paper and hopes to be able to present her work at an upcoming migration conference in France.

Brooke is passionate about teaching and is also currently working as a tutor for the University's Economics department. In her spare time Brooke enjoys playing hockey for Wesley South Perth hockey club and continues to be involved with Rostrum Voice of Youth, where she assists in organising Western Australia's public speaking competition for high school students.

## Christian Long

*Year of commencement: 2014*

*Course of study: Bachelor of Science (Honours) majoring in Anatomy and Human Biology and Psychology*

---

Christian is undertaking his Honours in Psychology this year and is conducting his research with the Centre for the Advancement of Emotional Research. He has previously completed a Bachelor of Science in Anatomy and Human Biology and a Graduate Diploma in Psychology. He is passionate about mental health and works as a support worker at the Mental Illness Fellowship of Western Australia.

Christian also continues to play first team State League Football at Melville FC. In the future he hopes to do his Masters in Clinical Psychology and work in the area of mental health.

## Rebecca Long

*Year of Commencement: 2011*

*Course of Study: Bachelor of Medicine and Bachelor of Surgery (MBBS)*

*Employment: Medical Intern, Fiona Stanley Hospital*

---

Rebecca graduated from UWA in 2016 and she is currently completing her medical internship at Fiona Stanley Hospital. Her first placement was in the Emergency Department, which was a steep learning curve but highly rewarding work. She values being the first point of medical contact for patients and has been enjoying it so much that she is considering this field for a future specialty.

Rebecca thoroughly enjoyed her time at university, being involved in volunteering, sports and other community activities. She enjoyed tutoring younger medical students whilst at university and has continued this trend since starting work and having medical students as part of her team.

Rebecca is passionate about global health and refugee health and in her final year of medicine helped to lead a team in organising the Global Health Short Course. She attended Global Health Conferences in Sydney, Perth and Newcastle and also undertook a six-week medical placement in Vanuatu and Samoa, giving her a unique insight into the challenges faced by health professionals in developing countries. She hopes that in the future she will be able to contribute to global health and volunteer her time at hospitals and clinics overseas.

## Verity Long-Droppert

*Year of Commencement: 2006*

*Course of Study: Bachelor of Laws and Bachelor of Arts*

*Employment: Lawyer, Jackson McDonald*

---

In 2014 Verity returned to UWA to complete her final year and her honours in History. The academic year extended her research and writing skills, very useful before beginning in to full-time work at Jackson McDonald as a lawyer 2015.

Verity spends her summer chasing softballs around outfields in Auckland and Sydney and will continue to do so in Perth through the cold winter months as she takes on her Aussie Squad duties.

## James Lucas

*Year of Commencement: 2007*

*Course of Study: Bachelor of Laws and Bachelor of Commerce*

*Employment: Consultant, McKinsey & Company*

---

James graduated from UWA in 2012 after studying Law and Commerce, majoring in corporate and investment finance. During his time at UWA, James was president of the Fogarty Scholars Association in 2010, where he pushed for a greater sense of community amongst the scholars, while also working with the group to benefit the WA community. He was also treasurer of social club MSU and kept busy outside of university by pursuing his passion for music as part of a band.

James is now a management consultant with McKinsey & Company, where he works on strategy, operations and productivity projects for major companies across a variety of industries, primarily across Australia, New Zealand and parts of Asia. For just over three years, he has enjoyed immersing himself in a variety of environments and working together with a diverse range of people, including developing company strategies in boardrooms with CEOs, optimising processes with diesel fitters on remote mine sites, setting aspirations with board members of not-for-profits and reconfiguring operations with store managers in Asian retailers.

In 2017 James relocated to London to pursue an interest in a start-up.

## Robert Marshall

*Year of Commencement: 2005*

*Course of study: Bachelor of Medicine and Bachelor of Surgery (MBBS), Bachelor of Medicine and Bachelor of Arts*

*Further study: Master of Public Administration, Columbia University*

*Employment: Public Sector Management Consulting, BCG*

*Currently living: Sydney, Australia*

*Contact: [linkedin.com.au/in/doctormarshall](https://www.linkedin.com/in/doctormarshall)*

---

Robert is a medical doctor with an interest in leveraging public policy to drive better health outcomes and improve healthcare services. He is focused on closing the gap in Indigenous life expectancy and improving health equity for Australians living in rural and remote areas. Robert's passion for health policy began with the UWA Fogarty Foundation Scholarship, affording him the opportunity to pursue a world-class education and to connect with an inspiring group of fellow scholars. Robert has worked in a variety of challenging clinical settings in rural and urban Australia and overseas, including as a volunteer in the aftermath of the 2010 Earthquake in Haiti.

Robert moved to New York City to pursue a Master of Public Administration at Columbia University on a Fulbright Scholarship, aiming to develop the skills and knowledge needed to be a transformative leader in health policy when he returns to Australia. He is currently honing these skills as a public sector management consultant.

## Bradley McKernan

*Year of Commencement: 2011*

*Course of Study: Bachelor of Medicine and Bachelor of Surgery (MBBS)*

---

Bradley entered university to study to become a doctor – something he has aimed for since eleven years of age. He is originally from Australind and was School Captain and part of the Student Executive of the local high school, Australind Senior High School, 2010. He graduated from school with awards in Maths, Physics, Chemistry and top of class in Human Biology.

While faced with many challenges brought on by the move to Perth from Australind into a residential college and the rigours of the first year of a medical degree, Bradley made the most of the many opportunities that his new life in university brought, taking on the role of First Year Representative with the WA Medical Students' Society. Representing the educational interests of his year group to Unit Coordinators also provided a valuable insight into the administration of the medical course at UWA.

His extra-curricular pursuits include reading, writing creatively, surfing, writing and playing his own music and engaging in as many social activities as possible.

## Michelle McMullen

*Year of Commencement: 2006*

*Course of Study: Bachelor of Medicine and Bachelor of Surgery (MBBS) and Bachelor of Medical Science*

*Employment: Doctor, Sir Charles Gairdner Hospital*

---

Michelle graduated from UWA in 2011. While at University, Michelle held voluntary positions such as first year representative, allied health representative and Red Party (party organiser) on WAMSS. In 2009 she was appointed Treasurer of WAMSS. As a scholar, she was also involved with the UWA Guild Public Affairs Council, participated in the UniMentor program and worked for UWA as an anatomy lab demonstrator and tour guide. Michelle remains actively involved in a wide range of community activities and is looking forward to another busy and exciting year in medicine.

Michelle is currently employed as a doctor at Sir Charles Gardner Hospital. She is completing further specialist training with the Royal Australian College of Physicians, working towards a career as a medical oncologist.

## Vinith Menezes

*Year of Commencement: 2005*

*Course of Study: Bachelor of Medicine and Bachelor of Surgery (MBBS), FRACGP DRANZCOG BMEDSCI*

---

Vinith arrived at UWA and St Thomas More College in the pre-smart-phone era, 2005. Between medical student advocacy groups, organising events, residential college life, hockey, coming out, creating (very) amateur films, tinkering on the piano and travelling the world, he managed to fit in a medical and an honours degree.

Since graduating from UWA in 2011, Vinith completed his internship and residency at Royal Perth Hospital and subsequently fell into the art and science of overseeing the safe delivery of babies at Bentley Hospital after a Diploma in Obstetrics at King Edward Memorial Hospital. He received fellowship of the Royal Australian College of General Practice in 2017 and has landed on his feet in Fitzroy North, Melbourne. He is actively involved in Acceptance Melbourne, an advocacy group for LGBT Catholics, aiming to create a better more inclusive world and church.

Every now and then he does some primary care volunteer work in Cambodia for Acts Singapore and each time is reminded just how precious our Australian health system is.

## Christopher Mofflin

*Year of Commencement: 2007*

*Course of Study: Bachelor of Laws and Bachelor of Science*

*Employment: Lawyer*

---

Chris finished his Law/Science degree after seven years in 2014. He finished the Science component with a major in Pure Mathematics and did his Law Honours thesis on property rights to human tissue.

For his last semester, Chris went on exchange to not-so-sunny Utrecht University in the Netherlands, which he took as an opportunity to learn about international and European legal systems but more importantly to travel around Europe as much as possible and meet people from all over the world. Chris works at a Law firm in Perth.

## Jeremy Nixon

*Year of Commencement: 2011*

*Course of Study: Bachelor of Medicine and Bachelor of Surgery (MBBS)*

*Employment: Charles Gairdner Hospital*

---

After graduating from Scotch College in 2010 as Dux Jeremy undertook a Bachelor of Science degree with majors in Engineering Science and Astrophysics. On completion of this degree he entered the Doctor of Medicine course. During his studies Jeremy completed an overseas elective in the Cook Islands, where he hopes to one day return to work in the Rarotonga Hospital. Graduating in 2017, he now works as a Resident Medical Officer at Sir Charles Gairdner Hospital. Jeremy has interests in orthopaedic surgery and sports medicine.

Outside of medicine Jeremy has participated in a range of sports, including golf, cricket and ultimate frisbee, in which he competed at under-19 and under-23 world championship events. Jeremy enjoys running, travel and P. G. Wodehouse novels.

## Richard O'Halloran

*Year of Commencement: 2010*

*Course of study: Bachelor of Medical Science (Honours), Bachelor of Medicine and Bachelor of Surgery (MBBS) and Bachelor of Arts*

*Further study: Masters of Global Health Science, University of Oxford  
Rhodes Scholar 2017*

---

Richard is currently undertaking postgraduate study at the University of Oxford, having worked for much of 2017 as a junior doctor at Sir Charles Gairdner Hospital. During his medical degree, he spent a year in the remote WA town of Kununurra with the Rural Clinical School. In 2015, he deferred his medical studies to complete a Bachelor of Medical Science with Honours at Lions Outback Vision, examining a camera-based screening program for diabetic eye disease in Aboriginal Medical Services.

Beyond his studies, Richard was heavily involved in the WA Medical Students' Society (WAMSS) while at UWA. He also loves debating and adjudicated in the Perth inter-school (WADL) competition having captained the WA School's team in 2009. When he is in Perth, Richard plays water polo in WA's Premier League competition with Phantoms. He was previously selected in the Australian Junior Men's Squad and played in the National Water Polo League. Richard is also an active member of North Cottesloe Surf Life Saving Club, where he has been a patrol captain and competed in surf swimming events.

## Rachel Paterson

*Year of Commencement: 2007*

*Course of Study: Bachelor of Science*

*Further study: Doctor of Philosophy in Infection, Immunology and Translational Medicine, University of Oxford*

*Employment: Immunocore Ltd, United Kingdom*

*LinkedIn: <https://www.linkedin.com/in/rachel-paterson-8a145644>*

---

Rachel grew up in Busselton and lived at St George's College whilst studying Advanced Science at UWA, majoring in Genetics and Biochemistry. She completed her Honours project at Sir Charles Gairdner Hospital investigating the genetic causes of inherited eye diseases.

Rachel was a member of the Oaktree Foundation, Teach Learn Grow Inc, and the Claremont Women's Football Club. She represented WA at the Women's Australian Rules National Championships and has been following the AFL Women's competition closely.

In 2012 Rachel moved to the UK to study the DPhil in Infection, Immunology and Translational Medicine at the University of Oxford. During her time there she has been involved in the Oxford University Australian Rules Football Club and founded a womens team. Since graduating from the DPhil in 2017, Rachel has been working at Immunocore Ltd, an Oxford biotechnology company that is developing immune-based treatments for cancer and infectious diseases.

## Sasha Quahe

*Year of Commencement: 2011*

*Course of Study: Bachelor of Commerce*

*Further study: Resilience and Sustainability Science, Stockholm Resilience Centre*

*LinkedIn: <https://www.linkedin.com/in/sasha-quahe-907ab3144/>*

Sasha is currently studying resilience and sustainability science at the Stockholm Resilience Centre (SRC). The SRC is a world-leading science centre for addressing the complex challenges facing humanity. She is researching the relationship between science and business, focusing on Science-Based Targets for companies to operate within Planetary Boundaries.

She graduated from UWA with degrees in Commerce and Arts Honours (Political Science and International Relations). Her thesis focused on EU Climate and Energy policy. After graduating with first-class honours, she continued research on the impact of crisis on this policy arena. This work was published in peer-reviewed Asia-Europe Journal in 2018.

Sasha worked for several years at Civic Legal, a boutique law firm, where she managed marketing, recruitment, tender writing and corporate responsibility. She was also on the founding committee of Ignite Mentoring and created the first UN Youth Voice in WA.

## Paul Reid

*Year of Commencement: 2007*

*Course of Study: Bachelor of Engineering and Bachelor of Science*

---

Paul completed his studies at UWA in 2011. In addition to his UWA Fogarty Foundation scholarship, Paul received a Jean-Rogerson Bursary for Engineering, as well as an Australian Power Institute Bursary. Paul majored in Electrical Engineering, as it complemented his real interest, studying Nanotechnology, which he views as the way of the scientific future. Paul's interests include music, particularly singing, he is currently working on building his repertoire, and soccer – both watching and playing. In 2011 he undertook a year-long research project in Magnetic Surfaces and Thin Films for Spintronics.

## Jasmine Rhodes

*Year of Commencement: 2004*

*Course of Study: Bachelor of Laws and Bachelor of Arts*

*Employment: Solicitor, State Solicitor's Office*

---

Jasmine worked for a not for profit organisation called CASE for Refugees for several years after graduating. CASE is a community legal centre part funded by the United Nations to provide free legal advice and representation to asylum seekers, refugees and new migrants. Jasmine moved to CASE after three years working in commercial litigation and has found this work both challenging and humbling. She was honoured to hear asylum seekers' stories first hand and for the opportunity to assist them to seek protection in Australia.

Jasmine then accepted a position as a Legal Officer at the State Solicitors Office where she has worked for the last few years. She is enjoying this new challenge and the opportunity to develop her advocacy skills representing the State. Jasmine continues to volunteer at CASE for Refugees.

## Jade Roberts

*Year of Commencement: 2006*

*Course of Study: Bachelor of Laws and Bachelor of Arts*

*Further Study: Masters in International Law, The Graduate Institute, Geneva (2014)*

*Employment: United Nations Office of the High Commissioner for Human Rights*

---

Jade is currently interning at the United Nations Office of the High Commissioner for Human Rights in Geneva, Switzerland. She works in the Right to Development Section and contributes to setting the post 2015 development agenda. She is also working as a Research Assistant with the Centre for Human Rights Education, Curtin University, on a comparative study of migration policies in OECD countries. Jade is completing a Graduate Diploma in Legal Practice through the College of Law at the Melbourne and London campuses and will soon be admitted as a lawyer in Australia. In September 2014 Jade began studying a Master in International Law at the Graduate Institute, Geneva, pursuing her particular interests in international human rights and international migration law.

Since 2013 she has been a member of Te Atawhai Nation, an organisation creating a community space for global changemakers in Geneva and in 2013 Jade taught and mentored Australian law students visiting Geneva through the Murdoch University Geneva Program, on which she was a student in 2012. Through her studies, teaching and work, Jade aims to improve the protection and promotion of human rights in Australia and internationally.

## David Scaife

*Year of Commencement: 2006*

*Course of Study: Bachelor of Laws and Bachelor of Arts (Honours)*

*Employment: Eureka Lawyers*

---

David graduated from UWA in 2012 with a Bachelor of Arts with Honours in Philosophy and a Bachelor of Laws with Distinction. He currently works at Slater & Gordon in Perth, primarily assisting unions and their members on a range of industrial and employment law issues. A past President of WA Young Labor, former Board Member of the Youth Affairs Council of WA and a current Board Member of his former school, Australind Senior High School, David is devoted to causes and policies that will combat growing inequality and economic disempowerment in Australia. Having said all this, David's true callings in life are hiking, rock climbing and scuba diving.

## Blake Segler

*Year of Commencement: 2010*

*Course of Study: Bachelor of Science (Advanced Science)*

*Further Study: Medical Physics, UWA*

---

In 2013 Blake received First Class Honours in Physics and Pure Mathematics having undertaken a Bachelor of Science degree under the Advanced Science Programme. Throughout his studies, Blake received numerous academic awards and has engaged in research in various fields including Quantum Computation, Whispering Gallery Modes and Atomic, Molecular and Surface Physics. As part of these endeavors Blake traveled to both Italy and China for research.

After completing his degree, Blake accepted the offer of a Hackett Postgraduate Scholarship and the Bruce and Betty Green Top-Up Scholarship in order to study Medical Physics. He hopes to combine his passion for science with a more direct means of helping people through this course.

Beyond his studies, Blake has acquired various leadership roles relating to his interests and is currently President of the University Physics Society, as well as Vice President of the Combined Districts Concert Band, with whom he has played saxophone for the past decade.

## Jasmin Sekhon

*Year of Commencement: 2012/2015*

*Course of study: Doctor of Medicine (from Bachelor of Commerce)*

*Contact: [www.linkedin.com/in/jasmin-sekhon-b614bb90](http://www.linkedin.com/in/jasmin-sekhon-b614bb90)*

---

Jasmin is in her final year of Medicine, and has an undergraduate degree in Commerce (Econs, Finance). The highlight of her past year was undertaking an Internship in Tobacco Control Economics at the World Health Organisation headquarters in Geneva.

Jasmin acted on her passion for the rights and health of refugees, taking on the role of National Co-ordinator for the Australian Medical Students' Associations Crossing Borders for Health. This saw her contribute to an article on health impacts of Australia's immigration policies that was published in the Lancet and volunteer as a swim teacher in the Swim for Refugees programme. Her netball team also won the Premiership in the Perth Netball Association competition!!

Jasmin thanks the Fogarty Foundation for equipping her with the confidence and inspiration to continue pursuing her passions and making a tangible and positive impact on my community.

## Mark Shelton

*Year of Commencement: 2012*

*Course of Study: Bachelor of Commerce*

*Further study: Computer Science & Psychology, Stanford University*

*LinkedIn: <https://www.linkedin.com/in/markshelton/>*

---

Mark is a software engineer and social entrepreneur. He is currently studying a Master's degree in Management Science & Engineering at Stanford University supported by a John Monash Scholarship.

Mark was awarded the Australian Computing Society 1962 Prize for best ICT graduate in WA. His honours thesis was titled 'Towards Automated Venture Capital Screening' and won the WAITTA Incite Award for best ICT undergraduate research project. Mark's academic interests are in computational social science, human-computer interaction, and artificial intelligence.

From 2013 to 2017, Mark led Bloom, a non-profit startup incubator he co-founded to provide young entrepreneurs with mentoring, workshops, and co-working space. He has also been a Director of StartupWA, Deputy CEO of Teach Learn Grow, and has interned for Goldman Sachs, Boston Consulting Group, Pawsey Supercomputing Centre, the Fogarty Foundation and the Telethon Kids Institute.

## Dave Sherwood

*Year of Commencement: 2009*

*Course of study: Bachelor of Philosophy*

*Further study: PPE at Oxford University (Incomplete)*

*Employment: CEO & Co-Founder of Bibliotech*

*Currently living: London, United Kingdom*

*Contact: [davejlsherwood@gmail.com](mailto:davejlsherwood@gmail.com)*

---

Dave Sherwood is the co-founder of London based Bibliotech – Spotify for Textbooks. Bibliotech has raised £1.4k in investment and has distribution agreements with all the major academic publishers including Pearson, Wiley and McGraw. Bibliotech has institutional deals with universities including UCL, Oxford and Imperial. In 2011 Dave co-founded Teach Learn Grow (TLG) with Travis Elliott and today TLG provides 10,000 hours of free tutoring and mentoring to rural and indigenous Western Australians each year. Dave was President of the Fogarty Scholars' Association in 2012.

In 2018, David, along with Bibliotech co-founders, were awarded Forbes 30 Under 30 Social Entrepreneurs.

## Stephanie Sim

*Year of Commencement: 2010*

*Course of Study: Bachelor of Medicine and Bachelor of Surgery (MBBS)*

*Employment: Doctor*

---

Stephanie completed her medical degree in 2015. During her time at UWA, she has enjoyed getting involved in many activities and groups that the university has to offer, including UniMentor, ConnectMe, Teach Learn Grow and the Christian Union. In 2014 Stephanie had the opportunity to undertake her 5th year of Medicine in Geraldton as part of the Rural Clinical School, where she experienced life as a rural doctor and the issues that are encountered in rural practice. Stephanie completed her six week medical elective in the Northern Provincial Hospital in Vanuatu, where she was exposed to medicine that was very different to back home and gained insight into ways that she may be able to make a difference in the future.

Stephanie's other passion in life is music. Stephanie has an LRSM (Licentiate of the Royal Schools of Music) in piano performance, is a piano teacher, plays the violin in the Medical Students' Orchestra and also sings and plays guitar at local gigs. Stephanie is also a keen runner and enjoys participating in events such as the HBF Run for a Reason, City to Surf and Relay for Life.

## Elliot Smith

*Year of Commencement: 2007*

*Course of Study: Bachelor of Medicine and Bachelor of Surgery (MBBS) and Bachelor of Medical Science*

*Employment: Doctor, Sir Charles Gairdner Hospital*

---

Elliot graduated from UWA in 2013 after completing his medical degree. He is currently working as a doctor for Sir Charles Gardner Hospital. Elliot was a 2007 UWA Fogarty Regional scholar, originally from Esperance on the south coast and as a consequence still resides at the beach most of his free time. Elliot is passionate about his sport, mostly as an armchair aficionado but also plays Australian Rules Football at Collegians Football Club in Dalkeith.

Life has recently had an abrupt change when entering the workforce, but he enjoys the challenge and change! Elliot is happy to be a part of the UWA Fogarty Scholars Alumni and the excitement of working as a doctor.

## Alison Soerensen (née Carter)

*Year of Commencement: 2004*

*Course of Study: Bachelor of Medicine and Bachelor of Surgery (MBBS)*

*Employment: General Practitioner Murray Medical Centre*

*LinkedIn: <https://au.linkedin.com/in/alison-soerensen-004562146>*

---

Alison graduated from UWA in 2010. She enjoyed a variety of roles in the South Metropolitan Health Service while working towards a career in family medicine. After completing her specialist exams in May 2016, she was awarded Fellowship of the Royal Australian College of General

Practitioners in mid-2017. In 2018 she was awarded the AMAWA Dr Camille Michener Legacy Award Junior Doctor of the Year for her significant and outstanding contributions in areas such as teaching and education, leadership and advocacy, doctor's wellbeing and community service. She is currently working as a GP at Murray Medical Centre where her special interests include breastfeeding medicine and paediatrics. When not consulting, she is employed in a part-time capacity as a Clinical Lead at WAGPET and holds positions on the AMAWA Council, the Federal AMA Council of General Practice and the RACGP Expert Committee for Post-Fellowship Education.

## Phoebe Spencer

*Year of Commencement: 2009*

*Course of Study: Bachelor of Arts and Bachelor of Science (Honours)*

---

In 2013 Phoebe graduated from a combined Arts/Science degree with majors in French and Anatomy and Human Biology and completed her studies at UWA in 2014 with honours in Science. Her thesis explored child nutrition and growth in rural East Timor, a project that involved living in a small village for two months for field work.

Phoebe took some time off her studies to travel solo around Europe to immerse herself in the French culture and practise her language skills. Phoebe's main leadership development has taken place through living for four years at Trinity, where she took several leadership courses, organised numerous events and was a resident advisor for two years. After leaving college, Phoebe continued her leadership role as a resident/alumni representative on the Trinity Strategy Group.

## Ryan Steed

*Year of Commencement: 2006*

*Course of Study: Bachelor of Laws and Bachelor of Arts*

*Employment: Teacher, Cecil Andrews College*

---

Ryan completed his Law/Arts studies in 2012. In 2013 he undertook three law placements at; the Public Interest Advocacy Centre in Sydney, the North Australian Aboriginal Justice Association in Darwin and the Association for Civil Rights Initiative in Israel. The goal of these endeavours was to gain practical skills and explore avenues for pursuing social change through the law. In 2014 Ryan began employment in public advocacy.

Ryan then felt a calling to pursue teaching and applied last year to work for the federal government's Teach for Australia, a bold scheme to recruit the nation's brightest university graduates to teach in disadvantaged schools. After being accepted into the program and completing the course, Ryan started teaching at Cecil Andrews Senior High School in Perth's southern suburbs in 2016 and he is particularly enjoying finding new ways of engaging with youth at the school, many of whom are Aboriginal or migrants.

## Amy Steinepreis

*Year of Commencement: 2009*

*Course of Study: Bachelor of Arts*

*Further study: Master of International Journalism with Distinction (UWA), Master of Studies in Modern Languages with Distinction, University of Oxford, and DPhil in Medieval and Modern Languages, University of Oxford, as 2015 Rhodes Scholar (current course)*

*Currently living: Oxford, UK*

---

Amy is currently a Rhodes and Clarendon Scholar at Merton College, The University of Oxford, where she completed her Masters with Distinction in 2016. She is now studying for her DPhil in Medieval and Modern Languages, working across French, Italian, English, and Russian literatures.

As President of Merton College's Middle Common Room for 2018-19, Amy relished the challenge of representing a 300-strong body of postgraduates. She is enjoying all the idiosyncrasies of Oxford life, especially travel, cooking and tennis, which she has captained for College, as well as teaching undergraduate French classes. Amy was recently awarded the Oxford Moussouris Merton Graduate Scholarship.

In 2016, Amy travelled to New York to attend the International Symposium on Cultural Diplomacy in the United Nations, and in 2017 presented her research at the Congress for Humanities and Social Sciences in Toronto.

Before her time in Oxford, Amy graduated as Dux from St Mary's Anglican Girls' School, and as J A Wood Memorial Prize Winner from UWA. She has interned at the Federal Parliamentary Press Gallery and Sky News, and throughout her UWA studies, supported the Harry Perkins Institute as cyclist and Ambassador for the Ride to Conquer Cancer.

## Michael Taran

*Year of Commencement: 2011*

*Course of Study: Bachelor of Medicine and Bachelor of Surgery (MBBS) and Bachelor of Medical Science (Honours)*

*Employment: Doctor*

---

Michael graduated as Dux of Perth Modern School and 27th recipient of the Beazley Medal award (WACE). Michael was also awarded the Australian Student Prize. Whilst studying medicine, Michael conducted research with the support of the Cranmore Fund as part of his medical science honours. Michael has presented research in areas ranging from Neurology to Lung Cancer.

Since his first year at UWA Michael has been an enthusiastic member of multiple Guild affiliated clubs and has set up the UWA Mathematics Union. Michael also co-founded Western Australian Student Television (WASTV) and continues his role as secretary and board member for WASTV. He has held executive positions in Teach Learn Grow and the Fogarty Scholars' Association (FSA) and in 2015 he was the FSA President.

A cinematographer and editor, Michael has worked for over four years in freelance film and has worked on productions ranging from webseries and documentaries to free-to-air advertisement and training videos.

When he isn't writing in the third person, Michael can often be found training in the Brazilian martial art Capoeira or climbing aesthetic boulders along the South Coast of WA.

## Caitlin Telford

*Year of Commencement: 2015*

*Course of study: Bachelor of Arts*

*Employment: Customer Service Officer, Converg*

*Currently living: Perth, Australia*

---

Caitlin graduated from Georgiana Molloy Anglican School in 2014 as Student Representative Council President and recipient of the GMAS medal. During her time at school, she both facilitated and was a member of Tournament of the Minds teams, twice achieving Honours in the international round of the competition. Caitlin was also highly involved in the arts, competing in the Bunbury Eisteddfod and performing in a number of school musicals and concerts.

During her time at UWA Caitlin studied a Bachelor of Arts in History and English & Cultural Studies, and is an alumni of St Catherine's College. She remains passionate about the performing arts, and can usually be seen in the semester shows put on by the UWA Pantomime Society. Caitlin is also a member of a number of vocal quartets, as well as the NHarmonic Chorale and national gold medal-winning group, The Baden Street Singers.

## Neil Thomas

*Year of Commencement: 2008*

*Course of Study: Bachelor of Laws and Bachelor of Arts*

*Further study: John F. Kennedy School of Government,  
Harvard University*

---

Neil is a graduate student in the John F. Kennedy School of Government at Harvard University. His research focuses on Chinese governance, foreign policy, media narratives and the relationship between history and politics. At Harvard, Neil founded the HKS Media Professional Interest Council and is a research assistant at the Shorenstein Center on Media, Politics and Public Policy.

Previously, Neil was based at The Australian National University as a Morrison Scholar in the Australian Centre on China in the World and as the Research Project Officer for the *Australia-China Joint Economic Report* at the East Asian Bureau of Economic Research. Neil has authored papers for the Carnegie Endowment for International Peace in Washington D.C., translated an award-winning Chinese book and published in *The Australian*, *The Australian Financial Review*, *The China Story Journal*, *The Diplomat*, *East Asia Forum*, *Kennedy School Review* and *The International Journal of Public Policy*.

Neil graduated from UWA with a Bachelor of Arts with Joint First Class Honours in Economics and Political Science & International Relations. While at UWA, Neil was a Prime Minister's Endeavour Scholar at Tsinghua University and a Chinese Government Scholar at Renmin University and Zhejiang University. He also served as the National Publications Director of the Australia-China Youth Association, Publications Manager for the Australia-China Youth Dialogue and President of the UWA Politics Club.

## Robert Thomas

*Year of Commencement: 2010*

*Course of Study: Bachelor of Engineering and Bachelor of Science*

*Employment: Mechanical Engineer, Wood Group PSN*

---

Robert graduated from his degree in 2015 and commenced full time work as a Mechanical Engineer with Wood Group PSN in 2016. He completed his final year thesis in 2015 on corrosion in subsea pipelines and completed 12 weeks of vacation work over the summer of 2015.

Outside of academics, Robert was an active committee member of the Fogarty Scholars Association for four years and is now a committee member for Perth International, a university club for incoming, outgoing and returned exchange students, which he became involved in after returning from a semester of study at Uppsala University in Sweden. Beyond university he writes and records his own music at home and volunteers at the Shenton Park Dog Refuge.

## Alex Thornton

*Year of Commencement: 2009*

*Course of study: Bachelor of Engineering and Bachelor of Arts*

*Employment: Process Engineer, BP Kwinana Refinery*

*Currently living: Perth, Australia*

*Contact: [www.linkedin.com/in/alexandra-l-thornton](http://www.linkedin.com/in/alexandra-l-thornton)*

---

After graduating from St Mary's Anglican Girls' School with a General Exhibition and spending six years studying and travelling, Alex started work as a Process Engineer at the BP Kwinana Refinery in 2015. She has spent the past three years providing technical support for various areas of the plant and enjoys the challenge of working in such a dynamic and diverse environment. Alex has so far had the opportunity to trial new technologies, supervise students and oversee maintenance activities.

Alex's community involvement outside the Refinery gates has included being a member of the Executive Committee of Perth Netball Association, volunteering for Pollinate Energy in India and both playing and coaching netball. She is currently the Curator of the Perth Hub of the World Economic Forum's Global Shapers Community, leading the Perth members of this network of young leaders who are passionate about enacting local solutions to global issues. If she has a moment to spare, you will find Alex enjoying one of Fremantle's many cafes and restaurants.

## Simon Thuijs

*Year of Commencement: 2012*

*Course of study: Bachelor of Philosophy (Honours)*

*Contact: [simon.thuijs@gmail.com](mailto:simon.thuijs@gmail.com)*

---

Simon Thuijs completed his Bachelor of Philosophy (Honours) course majoring in psychology in 2016. His Honours thesis in behavioural economics investigated whether certain messages influenced parents' decisions to vaccinate their children. While studying, Simon resided at St Thomas More College and was the College President in 2014; he also studied at University College London for 6 months while on exchange.

Seeking a creative career, Simon was accepted into The Communication Council's JumpStart Graduate Program. He was awarded Top Graduate of the program and received the Ken Painter AdSchool scholarship. He now works as a Junior Strategist at Meerkats, an agency which aims to help organisations find their true purpose and bring this to life through innovative business strategies and honest communications. In 2017, Simon's entry into the National APG Planning Idol competition won the Best Presentation Award; his entry aimed to increase migrant employment on a national scale by reducing unconscious bias.

Simon also engages in projects that strive for equality and inclusion. He founded the Perth Pythons Hockey Club in 2015, Perth's first and only LGBTI hockey club. The Club aims to help end homophobia in sport. Based on his work in this space, Simon won Out for Australia's LGBTI Role Model of the Year Award for 2017 and was selected to run in the Queen's Baton Relay for the 2018 Commonwealth Games.

## Rachael van der Moezel

*Year of Commencement: 2012*

*Course of Study: Bachelor of Science*

*Employment: UWA Library*

---

After graduating in 2011 as Dux of Santa Maria College, Rachael is in her seventh year of study at UWA. Having commenced university in a Bachelor of Arts (Specialist Music studies), she is now pursuing new passions in the form of a Bachelor of Science majoring in Psychology.

Throughout Rachael's time at university she has been involved in a number of organisations, including West Australian Student TV and Teach Learn Grow. She counteracts these group-heavy endeavours with individualistic hobbies such as photography, rock climbing and hard core haiku writing.

## Alexander Walter

*Year of Commencement: 2004*

*Course of Study: Bachelor of Science (Honours)*

---

After completing his Honours in late 2007, Alex worked for a couple of months as an archaeological consultant in the Pilbara. He was then accepted as a Graduate Archaeologist by Rio Tinto Alcan and moved to Weipa in tropical Far North Queensland for three years. After completing his graduate position, he packed his bags and went travelling the world for seven months, visiting parts of Europe and South America. Thoroughly broke but happy, he returned to Australia and enjoyed his next adventure, working and roaming around Dampier, like 'Red Dog'.

## Melissa Watts

*Year of Commencement: 2005*

*Course of Study: Bachelor of Medicine and Bachelor of Surgery (MBBS) and Bachelor of Medical Science*

*Employment: Resident Medical Officer, Fremantle Hospital*

---

In 2010 Melissa's time at UWA came to an end. Highlights of her medical degree included studying with the Rural Clinical School for a year in the remote Kimberley town of Derby and spending two months at a hospital in Ho Chi Minh City, Vietnam. She enjoyed being a part of the Dr YES (Youth Education Sessions) program, informing high school students about adolescent health and lifestyle issues. In previous years she has also been involved in organising fundraising activities as a member of the Fogarty Scholars' Association. Having graduated with honours, Melissa is now working as a Resident Medical Officer at Fremantle Hospital.

## Nick Watts

*Course of Study: Bachelor of Medicine and Bachelor of Surgery (MBBS)*

*Year of Commencement: 2008*

*Employment: Lancet Countdown, Health and Climate Change*

*LinkedIn: [www.linkedin.com/in/nick-watts-0389a94a](https://www.linkedin.com/in/nick-watts-0389a94a)*

---

Nick studied medicine at UWA before going on to study public health and public policy at University College London, and working as a doctor at Charlies in Perth. His focus is on the the nexus of climate change and global public health, having worked for the World Health Organization, the British Medical Journal, and the Global Climate and Health Alliance.

Nick is currently the Executive Director of the Lancet Countdown on Health and Climate Change, where he leads a team of 27 UN agencies and academic institutions, tracking the world's response to global environmental change.

## Elizabeth (Libby) Weeda

*Year of Commencement: 2012/2015*

*Course of study: Doctor of Medicine (from Bachelor of Science)*

*Contact: [libby.weeda@outlook.com](mailto:libby.weeda@outlook.com)*

---

Libby completed a Bachelor of Science in 2014 at UWA, majoring in Physiology and French. She is currently completing her final year of medicine.

At university, Libby is involved with many organisations such as AMSA Advocates, The Smith Family Foundation, UniMentor, the John Flynn Placement Program and the Med Student Orchestra. In 2014, Libby was very grateful to receive the Jeremy Cheang Award.

Over the past nine years, Libby has volunteered with a youth suicide prevention program in the Kimberley. In working closely with Mowanjum Aboriginal Community, she has learnt much about the complicated nature of the health gap in remote Australia. This experience has ignited in her a passion for improving Indigenous health outcomes, and is a driving factor in her desire to pursue a career in medicine.

Libby is very grateful for the opportunities that the Fogarty Scholarship has and continues to provide.

## Marc White

*Year of Commencement: 2005*

*Course of Study: Bachelor of Science*

*Further Study: PhD Astronomy and Astrophysics,  
Australian National University*

*Employment: Scientific Programmer Australian National University*

*LinkedIn: <https://www.linkedin.com/in/marc-white-astro/>*

---

Marc completed a Bachelor of Science (Honours) in 2008 within the UWA School of Physics. His Honours project, supervised by Premier's Fellow Professor Peter Quinn, investigated the viability of a hypothetical subatomic particle as a dark matter candidate. He subsequently undertook a PhD in Astronomy and Astrophysics at The Australian National University (ANU), focusing on the role of outflows in the star formation process. His doctorate was conferred in 2014. He currently works as a Scientific Programmer at ANU, developing data acquisition, processing and access tools. He was previously an ANU Postdoctoral Fellow with the SkyMapper survey telescope project.

He is a former member of the Australian Army Reserves, and currently spends much of his spare time playing and administering the sport of floorball. In addition to leading efforts to develop local referees, he has served as Secretary of Floorball ACT since 2012.

## Thomas Williams

*Year of Commencement: 2008*

*Course of Study: Bachelor of Arts (Honours)*

*Further Study: MBA, Chinese University of Hong Kong  
and Tsing-hua University*

---

Tom Williams returned in 2013 to the ever surprising paradise that is Perth after two and a half years of study and work abroad in China. Whilst in China Tom completed his Arts degree at Renmin University on a Chinese Government Scholarship and course work for his Honours in Asian studies at Peking University as part of the Prime Minister's Australia-Asia Endeavour Award. He also headed up the Australia-China Youth Association (ACYA) and worked for former Australian Ambassador to China Geoff Raby. In 2014 Tom ran the final gauntlet with his Honours thesis on Chinese Consumerism and the State, emerging from the bibliomaniacal fray with a First Class. Tom has since moved on from his troglodyte lifestyle and went on to research tech at 3rd Wave Capital. Tom is interested in 3D printing, beach running, translating and unexpected experiences.

Tom is currently living in China, pursuing his passion for Australia and China relationships. Tom was the recipient of the Woodside Sir John Monash Scholarship that supports him to undertake an MBA in Finance through a joint program between the Chinese University of Hong Kong and Tsing-hua University, at Tsing-hua's Graduate Campus in Shenzhen, a major city in China's southern Guangdong Province. In achieving this award, Tom acknowledges the Fogarty Foundation's strong support of his education and leadership development.

# Jeremy Cheang Award Recipients

The Jeremy Cheang Award is a special annual prize, awarded in memory of Jeremy Cheang, a former UWA Fogarty Foundation Scholar.

The annual Jeremy Cheang Award of \$2,000 is to recognise and award a Scholar:

- for their contribution to their area of study, to UWA and/or the wider community, and
- support the recipient in an initiative or activity that links to their area of study, and/or benefits UWA or the wider community.

2013	Simon Thuijs for the LipDub project
2014	Libby Weeda for the Boab Network
2015	Mark Shelton for a research tour of Asia
2016	Hamish Newman for a conference for medical students
2017	Thomas Coltrona for the Volunteer Tutoring Program
2018	James Dingley for Atomic Frontier

# Scholar Achievements

The UWA Fogarty Scholars are contributing to their communities, state and nation in many ways.

Thriving academically, completing their Masters, Honours and PhDs and winning other prestigious scholarships:

5 Rhodes Scholarship recipients

2 John Monash Scholarship recipients

2 Fulbright Scholarship recipients

2 New Colombo Plan Scholarship recipients

1 Westpac Futures Leaders Scholarship recipient

- **Recognised** as the one of Forbes 30 Under 30 Social Entrepreneur Europe 2019
- **Competing** in state, national, international and Olympic sporting and academic competitions
- **Establishing** their own initiatives such as Teach Learn Grow, Bloom Labs, WA Social TV, Global Health Short Course, Futuristic Skills, Volunteer Tutoring Program, Atomic Frontier, Bibliotech
- **Participating and leading** university and community events including Fogarty Futures Conference, the ASEAN –Australia Young Leaders Forum, UN Youth, Dr YES, the Boab Network, the World Economic Forum's Global Shapers Hub, Teach For Australia, Ignite and Enactus

# Fogarty Scholars' Association

The Fogarty Scholars' Association (FSA) comprises all UWA Fogarty Scholars and Alumni. The FSA facilitates the cohesion and skills development of the UWA Fogarty Scholars and Alumni, in order to empower them to contribute to society.

The FSA has three key objectives:

- To create an accessible network of Scholars and current and future leaders
- To provide professional development opportunities for Scholars
- To support Scholars in their involvement in the community

The FSA run a range of events and programs each year, including a mentoring program for Scholars and Alumni, the flagship Fogarty Futures Leadership Conference for high school students and informal social events. The FSA also provides the opportunity for Scholars and Alumni to develop their leadership skills by offering support for their projects.

Being a part of the FSA is the best way to immediately become a part of the UWA Fogarty Scholars community, meet motivated, interesting people and make the most of the benefits the UWA Fogarty Scholars and Alumni network has to offer.

The 2019 FSA committee:

- President – Lydia Almeida
- Vice President – Elodie Hayward
- Treasurer – Theodore Kenworthy-Groen
- Secretary – Hayley Winchombe
- Communications – Amber Anderson
- General Rep – Jane Pankhurst
- First Year Rep – Charlotte Owens and Caleb McKenna
- Fogarty Futures Conveners – Chelsea J Francis and Henry Pemberton

# The Fogarty Foundation

The Fogarty Foundation advances social change through education.

The Foundation was founded in 2000 by Brett and Annie Fogarty to support and provide education and leadership opportunities across the spectrum of the WA community.

The Foundation identifies areas of need and supports and develops West Australian programs that deliver educational opportunities and have wide, long-term impact.

The Foundation's current programs fall within 3 main focus areas:

- Transformational Leaders: Empowering, extending and creating opportunities for high performing and high potential students
- Excellent Teaching for all students: Inspiring excellence and high quality instruction in schools by investing in teachers, school leaders and school principals to ensure that all students receive a high quality education
- Future Ready Students: Catalysing innovation in education to ensure that today's students are equipped with skills for the future

The ripple effect, depicted in the Foundation's logo, is at the very essence of everything that the Foundation does, creating opportunities for improved outcomes with long term impact.

Through education, the Fogarty Foundation is building stronger communities in Western Australia.
